## Bredmeier Wins Second Straight Cornpicking Title

Utica — Defending champion Edgar Bredmeier of Stella maintained his hold on the state cornpicking crown here Tuesday by posting the top score of 94.85 with his John Deere 55 combine.

The next five top scorers were placed by corn combine operators, with Millard Bjeerum, neighbor to the contest field, compiling a 93.15 score. He also used a John Deere 55 combine.

Bredmeier will be joined by Donald Goering of Auburn first place winner in the picker-sheller division and Arlan Klepper of Utica, winner of the two row corn picker event, at the National Cornpicking Contest in Cedar Rapids, Ia. Both men also used John Deere 55's.

Other scores were: Dean Loofe, Beaver Crossing, 92.76, Massey 300; Douglas Drewer, Bradshaw, 92.44, Case 960; Delbert Boshart, Beaver Crossing, 91.46, International Harvester, 403, and Jerry Adams, 88.35, Allis-Chalmers Gleaner.

Carl Paulson, a former two time state winner, developed mechanical trouble during the contest but completed with a score of 83.086 with his Allis-Chalmers.

## Humphrey Theme Is Fair Prices

### *Talk Solicits Farm Vote*

By DICK HERMAN

Utica — Nebraska farmers were cautioned here Tuesday to take a good look at their economic fortunes before voting Republicans into the 90th Congress.

Vice President Hubert Humphrey supplied both statistics and rhetoric to describe improvement in farm income conditions since 1961, when Democrats ended the Eisenhower administration.

**It would not be accurate, Humphrey told several thousand persons gathered 3½ miles east of here for the State Cornpicking Contest, to say "you never had it so good."**

Still, the vice president suggested, "it's a darned sight better now than you had it under the other fellow."

Humphrey was to be followed here on the platform later in the day by Republican spokesmen, Sen. Carl T. Curtis and Robert V. Denney, First Dist. nominee.

**'Raw Deal'**

But in the windy morning, Humphrey drew applause from a generally unresponsive crowd with his declaration farmers have had "a raw deal" in the price they've historically received for their products.

"Farmers are entitled to a fair price," he said. "There is no obligation for farmers to subsidize the rest of the land.

". . . Your government has no intention of calling upon the American farmer to provide an arsenal of food and fiber at the sacrifice of a fair price and a decent income."

Humphrey pledged that under the Johnson-Humphrey Administration, aided by a friendly Democratic congress, agricultural reserves can be "insulated from the marketplace.

"However, they are not to be used in direct competition with sales by farmers. The Commodity Credit Corporation should not be and will not be your price-depressing competitor."

**Denying that higher farm prices are the root cause of rising food prices Humphrey said farmers have a stake in**

Here's 'instant replay' of moment when Coach Devaney discovered Mrs. D is Lincoln's Red Feather queen. Watching him are David Hancock (from left), the United Fund team's water boy as Alcoholism Council representative; Campaign Chairman Hopkins and John Reed, Malone Community Center member on the Red Feather Team.

## *Devaney Is Surprised By Red Feather Queen*

**C-O-M-M-U-N-I-T-Y**
**Chest**
**Let's Go**
**Let's Give**
**Community Chest!**

With that cheer ringing in their ears, 2,000 Lincoln United Fund volunteers went to work Tuesday afternoon on the 1967 Community Chest goal of $875,682.

The cheer was the contribution of the University of Nebraska Pompon girls, climaxing a United Fund kickoff luncheon in Pershing Auditorium.

The rest of the program was no different, emphasizing the go-go march to victory precedent set by Nebraska's football team.

**Highlight for NU Football Coach Robert Devaney, speaker, and the 500 other kickoff participants was introduction of the Red Feather Queen.**

It turned out to be the other half of the Devaney home team, Mrs. Robert Devaney, even to the coach's surprise.

Devaney compared the United Fund campaign to the one faced by his staff: selling the cause to the contributor.

"Of course, you'll run into competition and probably some "land mines like we did last Saturday, too," the coach said.

**He described the United Fund as a "great cause that has to be won if we are going to keep our city the great place that it is."**

This year's kickoff luncheon had a dual master of ceremonies: Jack Frost, representing himself and Ed Sullivan. He introduced representatives of the 28 agencies benefitting from the United Fund, all wearing familiar Red Cornhusker jerseys and helmets.

United Fund chairman Herbert Hopkins presided, with the Rev. Robert Palmer and the Rev. Clarence Crowley giving the invocation and benediction.

The Rev. Palmer said his prayer was one of thanksgiving, not concern. He explained: "Lincoln shows its concern by the men and women gathered here today."

## Charging Of Workers Expected

Harlan, Iowa (AP)—Charges of unlawful assembly were being prepared Tuesday against about 70 persons allegedly involved in violence which flared at the strike-bound Western Iowa Pork Co. plant here as management attempted to move in some imported workers.

Shelby County Atty. Jerry L. Larson said he expected to have the necessary papers for the charges filed before the day is out.

**"When we get firmly established the identities of those who did the property damage," he said, "other charges probably will be filed."**

# Selective Service Ups Draft Deferment Age

### *26-Year Standard Raised to 35*

Washington (AP)—Some young men who got past their 26th birthday on draft deferments may be called to military service after all.

Selective Service has confirmed it is ordering preinduction physical examinations for all 26-to-35 year olds who had deferments but are now classified 1A or 1-A-O.

**The national recheck could produce about 50,000 potential draftees—about one month's worth in terms of this month's draft call.**

A man's draft liability normally ends at his 26th birthday. But if he was deferred for any reason—often to continue his schooling—he is draft-eligible until age 35.

Deferments held past age 26 have in recent years meant draft exemption, because Selective Service has not inducted from the older group.

A spokesman said last night, however, that 28,153 men in the previously deferred 26-35 bracket already have been found qualified for service.

Local boards were ordered in an unpublicized move two weeks ago to give physicals to the remaining 41,780 men in this category. Under normal acceptance-rejection patterns, about half would pass the physical.

**The spokesman said the completed inventory would indicate how many older men would be available if needed.**

They would be placed in what is known as the fifth priority category for induction.

Some men in the fourth category—those married in recent years during a period of automatic deferment for married men—are now being drafted.

**Draft Varies**

Into which category any given monthly draft call dips, varies from local board to local board, depending on manpower availability.

Thus, one board might fill its quota from all young, single men while another board might eventually have to call a previously deferred 35-year-old.

**The draft call for October is 49,200 men thanks to a recent boost of 3,000. So far, the November plan is to induct 43,700.**

The Pentagon said earlier it expects a lower call in December since training of recruits does not begin during the holiday season.

During the Korean war, draft calls reached 80,000 a month.

## *VIETNAM TODAY*

North Vietnamese forces were methodically chopped into remnants as U.S. and Korean troops trapped them with their backs to the South China Sea. The report was that 323 were killed and 386 captured in the bitter fighting.

## *Unpredictable Ol' Inez Batters Florida Coast*

Miami, Fla. (AP)—Wild and blustery Hurricane Inez battered the southeast Florida coast Tuesday with brawling winds and tides and headed for the Gulf of Mexico, the end of her murderous 11-day rampage still nowhere in sight.

By 9:45 a.m. CST the eye of the unpredictable storm rolled just south of Key Largo. North of the center, gales hammered at the metropolitan coast line, home of 2.5 million persons from Palm Beach to Miami.

**Power lines snapped and fell in great showers of sparks, traffic lights danced crazily, palm trees whipped wildly and debris flew through the air as Inez fell on Miami.**

And, as she raged on along the chain of Florida keys, toward Key West, Inez neared the huge Gulf of Mexico, with its inexhaustible supply of warm moisture to fuel the hurricane's engine and keep her going on and on.

Sea walls crumbled and crashing surf dashed across streets and highways from Fort Lauderdale down into the low-lying keys. Rickety signs blew down and bounced across roads, a peril to motorists who had to brave the storm.

Palm fronds, loose garbage cans and other debris, flew through sections exposed to the highest winds.

Cuba, battered for 48 hours by Inez last week, found her coming right back. Evacuation of the island's north Las Villas province to Vahia Honda in Pinar del Rio province was begun on an emergency basis.

### *Analogy Drawn Between Curtis, Telegram's Color*

Omaha — Gov. Frank Morrison has suggested his election-year opponent, Republican Sen. Carl T. Curtis, "is yellow."

An angry governor reported to newsmen on Curtis' refusal to attend a Monday morning meeting in the office of State AFL-CIO President Richard Nisley.

Nisley asked Morrison and Curtis to be in his office so Republican charges Morrison "made a deal" to win organized labor's endorsement could be refuted.

The "yellow" observation came when Morrison drew an analogy between his foe's position and the color of the telegram bearing the Curtis refusal.

## Reds Release Peace Corps Volunteer

Washington (UPI) — A young Peace Corps volunteer arrested for crossing the border between Russia and Iran has been released by Soviet authorities, the Peace Corps announced Tuesday.

**A spokesman for the corps here said that Tom Dawson, 24, Annapolis, Md., had been released at the Iranian border and was now in Teheran.**

Dawson had been held by Soviet officials since Sept. 11 when he wandered, apparently inadvertently, across the border into Russia.

"We've not talked with him yet," a Peace Corps spokesman said, "but we understand he's in good health."

**Davis E. Boster, acting deputy chief of the U.S. mission in Moscow, made a third appeal to the Soviet foreign ministry Friday for Dawson's release.**

Following that meeting, the State Dept. said the Soviet Union had told American authorities it would soon release Dawson.

# Georgia Negro To Bid for Congress Seat?

Atlanta (UPI) — Georgia's first Negro state senator in modern times was among the possible candidates Tuesday for the congressional seat being vacated by Rep. Charles Longstreet Weltner rather than support segregationist Lester Maddox, the Democratic nominee for governor.

"I am seriously considering making this race," said Sen. Leroy Johnson, who said 33% of the people in Weltner's Fifth (Atlanta) District are Negroes. Johnson was elected to the Georgia Senate four years ago.

**Also mentioned as potential candidates were former Atlanta Mayor William B. Hartsfield and Wyman C. Lowe,**

**Weltner's closest challenger in the Democratic primary.**

The Fulton (Atlanta) County Democratic executive committee is expected to meet this week to choose a nominee to oppose Republican candidate Fletcher Thompson in the general election.

Weltner, a soft-spoken descendant of Confederate Gen. James Longstreet, withdrew as a candidate for a third term in Congress Monday with the statement he could not "violate my principles" by supporting Maddox.

**He said that Maddox, who became a symbol for defiance to federal desegregation edicts when he chased Negroes from his restaurant with a pistol in 1964, was "the one man in our state who exists as the very symbol of violence and oppression . . ."**

Maddox won a surprisingly easy victory over former Gov. Ellis Arnall in a Democratic primary runoff last week and meets Republican Congressman Howard (Bo) Callaway in the general election.

## Powell Found Guilty In Civil Contempt Suit

New York (UPI)—Rep. Adam Clayton Powell, D-N.Y., was found guilty of civil contempt of court Monday in connection with a long litigated defamation judgment against him.

The Harlem congressman also faces jury trial for criminal contempt alleging his wilful defiance of the court in refusing to pay the judgment totaling $164,000 won by an elderly cleaning woman defamed by him six years ago.

State Supreme Court Justice Harry B. Frank, in citing Powell for civil contempt, said the congressman had engaged in "relentless defiance" of efforts to get him to pay the award.

Monday's citation was handed down because Powell had not paid a judgment incurred for illegally transferring ownership of his home in Puerto Rico to his wife's family. The transfer was to avoid its attachment to help pay off the defamation award.

## Flights To Moscow 'Possible'

Washington (UPI) — Civil aviation talks between Russia and the United States — in the diplomatic deepfreeze for five years — are being resumed, and there is a possibility of Moscow-New York flights by late next spring.

The State Dept. announced Monday that Pan American World Airways officials would go to Moscow next week for technical talks with representatives of Aeroflot, the Soviet state airline. There will be government-to-government discussions later to approve details worked out by the two carriers.

**Department spokesman Robert F. McCloskey said the main reason for moving ahead with the long-stalled talks was to prove the sincerity of President Johnson's declaration that the United States seeks areas of agreement with Russia despite the differences arising from the Vietnam war.**

The move came about as a result of talks last week in New York between Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko.

Russia and the United States initialed a civil aviation agreement in 1961, envisaging a non-stop flight by Pan Am and Aeroflot between New York and Moscow. But final details were never worked out.

# Trapped North Viet Force 'Chopped' by U.S., Koreans

Saigon (UPI) — U.S. and South Korean troops Tuesday methodically chopped up remnants of a large North Vietnamese force trapped on a narrow spit of sand with their backs to the South China Sea.

U.S. officials said 323 of the enemy were killed and 386 captured in two days of bitter fighting that frustrated a Communist attempt to launch a major offensive in the strategically important central highlands 290 miles northeast of Saigon.

**The enemy, elements of North Vietnam's 610th Division, split up into small groups and tried to wiggle through the lines to the sanctuary of the mountains to the west. They had little luck.**

They were trapped in flat terrain with many open fields and rice paddies.

Leapfrogging by helicopters, U.S. 1st Air Cavalry Division troops supported by the South Koreans, forced the Communists into the unfavorable situation in a two-day running battle. The fast-moving "flying horsemen" blocked escape routes and funneled the fleeing Communists to the Sea through jungled mountain valleys.

South Korean troops operating in the area for 18 days reported they had killed 351 of the North Vietnamese in scattered skirmishes before the main battle erupted Sunday.

Meantime, further to the north, U.S. marines made broad sweeps along the southern fringes of the Demilitarized Zone looking for otner North Vietnamese units reportedly trying to regroup and mount an offensive following weeks of bitter battling with the Leathernecks.

**Ground action was reported light, but officials said U.S. jets made heavy raids Monday in areas of North Vietnam just north of the zone.**

Air Force F4 Phantom jets splashed napalm over a storage and shipping area 30 miles southeast of Dong Hoi, North Vietnam's southernmost major city. Dozens of secondary fires erupted, sending thick black smoke boiling from the jungle.

Nearby other Navy and Air Force planes destroyed six barges laden with supplies.

# *Harlan Violence Ebbs; Next Move Awaited*

Harlan, Iowa (UPI)—Union pickets—on strike for 51 days—waited Tuesday to see if their company would try to bring in more non-union help. Officials expected violence if it did.

Members of the United Packinghouse Workers of America Monday met workers imported from California with rocks, bricks and violence. At least four persons suffered minor injuries.

**Police officials in this pastoral county seat in southwest Iowa asked for National Guard help but Gov. Harold E. Hughes refused.**

Shelby County Sheriff Orrell Gearhart said he feared renewed violence if other workers try to cross the pickets lines around the Western Iowa Pork Co. plant.

Between 70 and 90 union members, a third of them women, shattered plant windows, smashed automobile windshields and overturned mobile homes set up for 17 Mexican-American workers brought in to work at the plant.

Some of the imported workers, who claimed they did not know they had been hired to work at a strike-bound plant, were chased off into nearby cornfields amid the sounds of gun fire.

**Nearly every window in the two-story plant was broken. Damage to the plant was estimated in the thousands of dollars.**

Company officials, who had earlier hired non-union help from the area — a move that brought on some incidents but nothing serious, said they would try to get the plant into limited production this morning. But they didn't expect to have the plant working until Wednesday.

# Ike's Viet 'Win' Talk Criticized

## *Mansfield Defends LBJ*

Washington (UPI) — Senate Democratic Leader Mike Mansfield and former President Eisenhower are at odds over Eisenhower's call for "any action to win" in Vietnam, perhaps even atomic weapons.

The "win" statement came under Mansfield attack in the Senate Monday, about the time Eisenhower was speaking to a news conference in downtown Washington.

Mansfield's ire was raised by Eisenhower's saying he would not "automatically preclude anything," including the use of nuclear arms, to shorten the Vietnam war.

**Of all people, Mansfield said, Eisenhower should not be adding to President Johnson's burdens when the President "needs and deserves" the trust and confidence of all Americans.**

He said in an interview that he thought Eisenhower's statement was unnecessarily adding to Johnson's headaches.

"Furthermore, he has been kept very well advised by President Johnson — in person at the White House and by sending emissaries many times to Gettysburg and his advice and counsel has been sought."

In his Senate remarks, Mansfield also derided Republicans who accuse the President of political motivation in planning to attend an October conference on Asian problems in Manila.

**Mansfield and Senate GOP Leader Everett M. Dirksen, Ill. spent about an hour with the President in a conference on the pre-adjournment legislative outlook.**

But both leaders said there was no discussion of Mansfield's Senate speech or of Eisenhower's remarks.

# Nigerians Slapped by Curfew

Lagos, Nigeria (UPI) — Nigeria's military strongman slapped a "shoot-on-sight" curfew on the country's sprawling northern region, beset since Friday by rampant tribal slaughter.

Lt. Col. Yakubu Gowon ordered his troops to shoot curfew breakers and looters on sight in an attempt to quell spreading tribal warfare and rioting which threatens to shatter his plan to unify Africa's largest nation.

**Informed sources said more than 1,000 persons have been killed in the bloody battling between northern region Hausa tribesmen and the Ibo tribesmen of the eastern region.**

Gowon's show of force eclipsed his plan, revealed Monday, to pacify his riot-scarred nation by dispatching political "evangelists" to preach peace and unity.

Although communications between here and the northern region have been spotty at best, travelers from the north reported more than 800 bodies counted and mortuaries overflowing.

Hundreds of persons, mostly eastern region Ibo tribesmen, have reportedly been killed in recent days during tribal outbursts in several northern region cities. Northern Hausa tribesmen have been blamed for the deaths of the better-educated Ibos, whom the Hausas feel are trying to dominate them economically and in the new government.

# Timely Traffic Proposals

Lt. Gov. Philip Sorensen could scarcely have picked a more propitious time to issue his detailed proposals for improved traffic safety in Nebraska.

* * *

**The Democratic candidate for governor used the forum of the Governor's Youth Safety Conference over the weekend to unveil his campaign position paper on the subject. On this same weekend 14 persons perished on the streets and highways of Nebraska, in one of the bloodiest traffic assaults in the state's history.**

* * *

The fact that a candidate for governor should develop a specific program for improving traffic safety is both notable and commendable. A great deal of conversation has gone into the cause of safety in the past few years, but little in the way of concrete developments.

Sorensen heads his bill of particulars with recommendations for periodic re-examinations of both drivers licenses and motor vehicles. This has long been advocated by safety experts but spurned by politicians since those adversely affected by it are traditionally more vocal than those who would be protected.

These moves have become all but inevitable with the promise from Congress that a state failing to enact such provisions will lose a large chunk of federal highway revenue.

**Noting this, Sorensen observed, "Essentially, what Congress is asking the states to do are the same things safety experts in every state have been seeking for many years — seeking without much success in Nebraska."**

* * *

The lieutenant governor would attack the problem also through driver improvement and driver traning programs, upgraded court procedures, better highway design and other approaches.

A valuable tool in any traffic safety drive in Nebraska should be full use of the considerable resources of the State Accident Records Bureau.

By analyzing conditions and causes of all traffic accidents in the state, the Bureau can shed valuable light on defects that need correcting. A great deal more use of such information can be made by local law enforcement officials and city and county officials in correcting conditions proven to be hazardous.

* * *

**The big problem in traffic safety has been that everyone is in favor of it but few have wanted to push for the hard-nosed changes essential to do anything about it. Hopefully, that attitude may now be changing.**

# Lawlessness Must Be Checked

When the 1966 civil rights bill was wrecked on the shoals of a Senate filibuster, a provision aimed at curbing racial riots also was sunk.

* * *

**Hopefully, the latter objective may yet be salvaged. The House Judiciary Committee will hold hearings this week on more than 60 anti-riot bills, including one submitted by Republican Rep. Glenn Cunningham of Nebraska.**

* * *

The proposal written into the civil rights bill is among the choices to be considered by the House Committee. It would make it a federal crime to cross a state line for the purpose of leading or taking part in a riot.

Several other versions of the same theme are among the bills to be heard, including one to permit law officers to prevent demonstrators from any burning or looting during an otherwise legal protest demonstration.

This is a delicate area for federal involvement. But it is increasingly necessary as lawlessness continues to flourish in the land. Black power advocates of the likes of Stokeley Carmichael leave a trail of rioting behind them.

* * *

**Anti-riot legislation is only one angle from which increased violence must be attacked.**

* * *

FBI Director J. Edgar Hoover recently singled out the repeat criminal offender as a "new privileged class in America" which must be checked. He blamed overly-lenient judges and not enough regard for the victims of crime.

More effort also must be directed at early detection of criminally psychotic tendencies and continued confinement of persons who escape convictions because of insanity.

* * *

**The great bulk of the nation is outraged at climbing crime rates. Such obvious outrage surely must bring legal changes to cope with the causes. For it is essential that the community at large and law - abiding citizens be protected from a lawless minority.**

# Conditions in Tax Stand

Careful observers of the Nebraska political scene undoubtedly have noted that both parties have hung a condition on their support for a combination sales and income tax to replace the state property tax.

* * *

**Both have declared that they favor such a course IF voters throw out both the state property tax and the 1965 income tax in November.**

* * *

State Sen. George Syas of Omaha now raises a very pertinent question: What if the property tax is not abolished by the voters? Would the combination tax still be favored?

There are valid reasons why persons who favor the broadened tax base might not necessarily favor the constitutional amendment to prohibit use of the property tax for state government. The coming vote on this issue and a mish-mash of other tax matters can never be interpreted as a clear expression of the public will. So the outcome of the election could make Syas' question highly relevant.

He deserves an answer, as do others who might have wondered the same thing.

Since both parties have concluded their policy-making sessions, the answer can come only from the respective candidates for governor. The Democratic candidate, Lt. Gov. Philip Sorensen, has been an avowed supporter of a broadened tax base, so it can be assumed that he would pursue this course in any event.

Syas interprets official Republican silence on the matter as implying consent to a tax change. He states, "I must assume that the Republican platform favors the combination tax regardless of what action the people take on the property tax amendment."

* * *

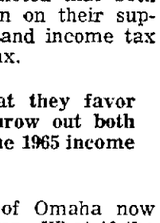
**This seems a fair assumption. If it is not, the Republican candidate for governor, Norbert Tiemann, should let the fact be known.**

WORLD OF HUMOR

*By Art Buchwald*

# But Ya Gotta Have Arms

Washington — One of the subjects brought up for discussion between American and West German officials during Chancellor Ludwig Erhard's visit to Washington was the purchase of American arms. It seems, in order to bridge the balance of payments gap, the United States wants the West Germans to buy more American arms.



Buchwald

The West Germans don't really want to buy arms as they feel they can't use them. The Americans maintain that if the West Germans don't buy our arms we'll have to cut down the number of troops in West Germany. Let us listen in on a discussion between an American diplomat and a German diplomat that probably never took place — or then again probably did.

"Mr. Spiegal, my government is very concerned about the cutback in your ammunition and armaments order for 1966."

"Herr Jones, I have explained to you we don't need any more American guns and ammunition. We don't know what to do with the stuff we have already."

* * *

**"Mr. Spiegal, it is not for us to tell you what to do with the guns we sell you, but my government is concerned with the flow of gold from this country. It's your duty as a free Western nation to buy as much arms from an ally as you possibly can."**

* * *

"But Great Britain wants to sell us arms too."

"Great Britain? Who defeated you in World War II? The Americans."

"But Great Britain held out all along until you came into the war. We owe her something."

"We've had American troops stationed in Germany for 21 years. The least you can do is buy a few lousy tanks and airplanes."

"We're a peaceful nation, Herr Jones. We love everybody. Besides, those last American planes we bought from you kept crashing all the time."

### New Plane

"Mr. Spiegal, we have a brand new plane that would be just up your alley. It flies three times the speed of sound, has air-to-air missiles and is perfect for jungle warfare."

"Herr Jones, why should we need a plane for jungle warfare?"

"You never can tell when you'll get back one of your African colonies."

"Why couldn't we buy something else, a space rocket or a communications satellite? Why does it always have to be arms?"

"Because we must have a strong Germany if we're to keep peace in Europe."

"That's what got us in trouble the last time. Maybe we could buy LSD capsules instead?"

* * *

**"Mr. Spiegal, I don't like to use the hard sell, but how are you fixed in chemical warfare?"**

* * *

"We can't give it away. Herr Jones, do you realize we have enough rifles and machine guns now to arm every man, woman and child in West Germany?"

"Ah, but have you thought about the population explosion?"

"Couldn't we buy color television sets?"

"Mr. Spiegal, I must warn you that if you refuse to buy arms from us we will have to pull all our troops out of Europe, and you will be forced to become a military nation."

"How could you do that to us? We wouldn't even know where to start."

### Guam Veto

Fremont — Soon we will know if LBJ was sincere when he said: "If there is a single word that describes our form of society, it may be the word 'voluntary'."

On Oct. 6 the fate of Guam's Right to Work bill will be decided. On July 8 the governor of Guam vetoed this bill passed by her legislature.

Four days later the legislature voted to override Gov. Guerrero's veto. As provided by law, the bill was forwarded to LBJ who must sign it into law, veto it, or if he fails to act by Oct. 7 he permits the bill to become law.

The president's decision should be of interest to all Americans concerned with the preservation of personal freedom, for this law relates only to the issue of compulsory unionism. For LBJ to ignore this voice of the people will make mockery of all the recent legislation on behalf of civil rights.

ELIZABETH DAVIS

### Police Performance

Lincoln—I want to express sincere gratitude for the Police Department of the City of Lincoln.

During the recent visit of Madame Chiang Kai-shek to our city and to Nebraska Wesleyan, the security provisions were of primary importance. Chief Joe Carroll and his men cooperated in a manner that brought great credit to themselves, the Police Department and Lincoln.

They were courteous, friendly, efficient and totally dedicated to the superior performance of the task at hand. We who live in Lincoln are grateful for the services rendered by a highly efficient and capable Police Department.

VANCE D. ROGERS
President, Nebraska Wesleyan University

### Ungranted Powers

Alexandria — The House has now passed the $1.75 billion anti-poverty bill.

Under the Head Start program, is there a single child that can demand its benefit? Not one.

Under the Neighborhood Youth Corps, is there a single youth that can demand its benefits? Not one.

Under the Job Corps program, is there one young man who can demand that he be allowed its benefits? Not one.

This bill only grants this sum to LBJ to dispense as he sees fit, presumably for the benefit of the poor but actually without any rules or limitations which will insure the poor getting a dime's worth of it.

Our constitution, in the ninth and tenth amendments, specifically forbids assumption of powers like this one —ungranted powers. How is it that this generation accepts so dangerous as well as unconstitutional a delegation of a dictatorial power to anyone, even to LBJ?

RICHARD DILL

### End Crime Wave

Lincoln—Apparently William F. Bennett (Public Mind. Sept. 28) is not aware that Nebraska's First District is just one of 435 congressional districts.

Bob Denney grew up in our First District and has been a successful business and professional man there for many years. He is familiar with the District's needs and problems and will give them special and intelligent attention.

One of the most important issues facing Americans is the alarming rise of violent crime. It is the highest in the nation's history and, according to J. Edgar Hoover, is growing six times faster than the national birth rate.

This is but one of the fields in which Bob Denney is especially well qualified. He has had practical experience as an agent of the FBI and is a prosecuting attorney. He is also general counsel for the Nebraska Sheriff's and Peace Officers' Assn. Their choice of Denney as chief counsel is evidence of the great respect they have for his ability.

His first hand knowledge of law enforcement problems will be of great value to him as a congressman, in helping to find a solution to this nationwide crime wave. Not only will the people of the first District benefit, but citizens in all 50 states.

I.C.

### Decent Highways

Seward — A need is reported for $57 million of highway improvements in 23 southeast and east-central counties.

If it will take this much money to improve the roads in just 23 counties, what about the rest of the state? What about new roads? It is too bad that only $14.5 million can be made available for these improvements.

It is commonly known how poor our state highway system is. Nebraska has one of the lowest percentages of paved roads in this nation. How do we expect to attract tourists or industry with roads like these?

One more reason why Norbert Tiemann should be elected governor of this state! He is the only candidate for governor who supports the selling of bonds to improve our highway system. We need the progressive and sound leadership that Tiemann will provide, in order to get the decent highways that we need.

STEVE ARNOLD

### Taxpayers' Money

Arcadia, Calif. — I noted in the Los Angeles Times that President Johnson is sending money and speakers to help Nebraska Democrats.

Lincoln will always be home to me. I lived there 35 years and am so proud of my state being Republican.

It is frightening to see the President using taxpayers' money for such a purpose.

EDNA M. THORGRIMSON

### Orthodontists

Lincoln —The Lincoln Journal should be commended on its superb reporting of the Midwestern Society of Orthodontists meeting held in Lincoln. Many of the men from other states commented on what excellent coverage was given to our meeting.

# MORE or LESS PERSONAL

**Possibly never before in the history of the world has there been so much attention focused on the elderly.**

* * *

***Choices For The Elderly***

Part of this can be attributed to changes in home life and the business world. No longer is the elderly person a part of the family circle. Aged parents, aunts and uncles do not as a matter of course, spend their last years with children or relatives.

The first step in freeing the aged and relatives from a situation which had its advantages and disadvantages, was federal aid to the aged. Simultaneously came compulsory retirement in many jobs accompanied by a retirement stipend.

* * *

**The next step was a segregation of the ages and industry was quick to capitalize by building retirement villages. Here the elderly could find companionship, recreation and crafts. Some revel in this atmosphere while others consider it slow death.**

* * *

The latter group are finding a new life in helping each other. One organization pioneering the idea of senior service hopes it will set a pattern other groups around the nation will adopt.

"We've been working with the elderly for many years," said Mrs. Joseph Willen, president of the National Council of Jewish Women. "We have sponsored recreational lounges and such. But we realized that just because a person is 65 doesn't mean he or she just wants to sit and rock, paint a picture or learn a folk dance."

As a result, the organization sponsors senior service corps, open to all religions and races. The first corps began in Philadelphia, in October 1961. Today, 14 corps are operating from coast to coast.

* * *

**Mrs. Willen said the basic idea is to utilize older volunteers who offer a lifetime of skills and experiences to understaffed community agencies. They must be willing to volunteer regularly and accept some orientation before they start.**

* * *

The volunteers do a variety of jobs. In Essex County, N.J., a retired architect is advising an interracial group on building a church. A Washington, D.C., retiree acts as a counselor to a boys' club.

Others have taken up this idea. Mrs. Howard Brubaker, widow of the longtime New Yorker magazine columnist, proposes that universities establish special one or two-year college courses for people reaching retirement age.

She thinks universities could prepare newly retired persons for public services, such as work in the anti-poverty programs and volunteer services. She proposed such a plan in a letter to President Johnson.

An editorial writer of the Des Moines Register feels a barrier to the plan could be that colleges are already strained to accommodate the influx of youngsters, but suggests it would be worth a try, adding, "We're getting to the age where such ideas sound better and better."

* * *

**At least for the aged there are now some alternatives and less and less is heard about that optimistic and phony designation of the "Golden Years." From all of the medical advances and studies of the aged, the last years can become at least good years.**

ROSCOE DRUMMOND's Opinion

# *A Dividend for Percy*

Chicago—President Johnson will not be the only political beneficiary of the Manila conference which he will cross the Pacific to attend.

There will for certain be an outstanding Republican beneficiary and this may be just the unexpected dividend needed to give Charles H. Percy the Illinois senatorship over veteran Paul H. Douglas.

Drummond

The reason the suddenly-summoned Asian meeting, plus the United States, is a direct boon to the Percy candidacy is that in a very special sense he is the originator, at the very least its first and foremost American advocate.

While this fact may not be widely realized in the nation, it is well-known in Illinois and it is a major political plus to the young Republican who is now running even with or a little ahead of Sen. Douglas—his economics professor in college.

At first Percy's proposal got few takers. Then support began to mount. Gen. Eisenhower came in behind it when other Republicans were holding off. Later the GOP Congressional leaders, Sen. Everett Dirksen and Rep. Gerald Ford, made it party policy. A month later the foreign minister of Thailand, Thanat Khoman, advanced the same idea. Finally, at a White House press conference President Johnson said he would be "very pleased to see an all-Asian conference."

* * *

**Here in Illinois the Asian conference idea is thus pretty much a Percy possession and it emerges as a significant campaign asset particularly because his opponent, Sen. Douglas, has been a steady critic of the Percy proposal on the ground that it might lead to negotiations in which the U.S. would have no voice and Red China a major voice.**

* * *

It isn't working out that way and with the President and Secretary of State Rusk taking part in an Asian conference on the eve of the election, the political fall-out from this unexpected turn of events can hardly fail to help the one Republican who has done much to further such a conference.

Percy does not claim he alone originated the idea. Here is how it came about:

Vietnam was certain to be a major concern, if not a major issue, in the senatorial campaign. Percy saw nothing to be gained by matching arguments with the Johnson administrtion on how best to wage the war. He did see something to be gained if he could come up with a constructive new idea on how best to wage the peace. For this purpose he called together a number of Far Eastern experts, mostly from the academic community of Illinois university and without regard to partisanship.

They explored a variety of initiatives and the Asian conference project emerged as the alternative which appealed most to Percy and which he subsequently developed and expounded as a central theme of everything he was saying on Vietnam.

* * *

**"An all-Asiaan 'peacemaking' conference," Percy points out, "would allow those most directly endangered to deal directly with the problem at hand. Its recommendations would reflect an understanding of the region which is essential to the restoration of peace. It would serve to find an Asian solution to a problem in Asia that threatens the peace of the world.**

* * *

"Perhaps an Asian conference would be only a beginning, but let us begin."

And now there is a beginning. The Manila meeting is not all-Asian, but it includes all of the allies who are fighting to defend South Vietnam and its purpose is to bring Hanoi and the Viet Cong to the conference table.

The administration's acceptance of the Manila conference was obviously not designed to help Charles Percy in his senatorial race. But it looks as though it will benefit him considerably.

# Sukarno Return Is Guarded

## *Students Still Seeking Ouster*

Jakarta (UPI) — President Sukarno returned Tuesday to his guarded freedom palace where troops Monday repelled militant anti-Communist students seeking his ouster.

Sukarno flew by helicopter to the palace-turned-fortress from a long country weekend at Bogor, 40 miles away. He did not see the "Sukarno go to Hell" signs which students scrawled on Jakarta's walls and sidewalks Tuesday following a mass rally at the University of Indonesia.

**The students then swarmed through the city, denouncing Sukarno with slogans and pamphlets.**

Hundreds of heavily armed troops backed by tanks and armored cars stood guard around Sukarno's freedom palace where Monday they turned back wave after wave of student charges with clubs and bayonets.

A spokesman at City Central Hospital said 62 students were treated for injuries in the brutal clash.

**Ridiculing Posters**

The youths darted through the streets distributing to motorists handbills charging Sukarno with being one of the brains behind the Communist attempt to seize power a year ago.

They daubed slogans such as "Sukarno the Peking Dog" and "Sukarno the Mastermind of the Communist Coup" on walls and sidewalks throughout the city.

**The students mounted their campaign against Sukarno to coincide with the trial of his long-time confidant, former Deputy Premier and Foreign Minister Subandrio, on charges of conspiracy in the Communist take-over attempt.**

Subandrio denied before a military tribunal that he had threatened to dissolve the anti-Communist student groups in the days before the attempted coup last Oct. 1.

The resulting purge of the Communists left Gen. Suharto as the nation's military strongman. Sukarno, the once all-powerful president for life, has been shorn of much of his powers and observers believe the military has chosen the Subandrio trial to further discredit Sukarno.

**Regime Efforts**

But the students appeared to be moving too fast even for the Suharto regime. The regime issued statements Tuesday in an apparent effort to regain its popularity with the powerful student elements and at the same time exercise some restraint on them.

The government statement said "none of the students were seriously hurt" although observers Monday saw one soldier drive a bayonet into the base of a student's neck.

# Loneliness Now Engulfs LAFB, But Perhaps Not for Too Long

By LEO SCHERER

Runways are without sleek bombers. Ugly weeds are starting to grow up around the vacant buildings Silence filled much of the 600 acres

Gone also are the familiar sounds of trained men and attack-ready aircraft Their noises are only memories

**A tour of the old Lincoln Air Force Base area, now called Lincoln Air Park West, brings a feeling of loneliness in the quiet surroundings.**

Maybe it is the lack of skilled Air Force crews ready to move in case of danger. Maybe it's the lack of massive B47s in the skies Maybe it's the small group of pigeons sitting on top of the vacant, silent hangars on the flight line.

Rolland Harr, Lincoln Airport Authority executive director, doesn't feel the Lincoln Air Park West area, with its 49-building complex, will be like a ghost town very long.

"This is a fantastic place for commercial development," said Harr during an inspection of the facilities "We have everything to rent from unheated dry warehouses to sophisticated white room capability."

**The authority now has launched an extensive campaign to get the 49-building complex adjacent to Lincoln's 1,400-acre airport facility occupied.**

Harr said early interest by business firms in the area has been good and already three buildings have been rented

Gordon and Morgan Manufacturing Co. has rented the old jet engine repair building and it works fine for them," said Harr. "This area also has much vacant space that later could be occupied with new buildings "

### New Problems

However, Harr quickly admits that taking over a portion of the old LAFB is causing many new problems, especially in maintenance.

"Can you imagine the snow removal we will have if it's a bad winter," said Harr looking toward the skies "There is a lot of concrete out here "

**There are still some 200 military personnel at the base. They are doing maintenance and property removal duties.**

Harr said the authority was able to acquire some surplus property from the government when it closed on the LAFB

Much of the property is now stored in one of the deserted rangars It ranges from trucks to desks

### Much More

"We asked for much more," said Harr. "You never can tell what we will need in the development of Lincoln Air Park West "

Harr feels the old LAFB has many of the necessary facilities to make a complete and modern air park

**These include on-site mainline rail spur; all utilities, hard-surfaced, all weather roads; closeness to the Interstate Highway and other means of transportation and the all-weather, all-plane airport adjacent to all properties.**

"The Air Force left the base in pretty good condition when all is considered," said Harr. "They moved lots of materials out of here by airplane, train and truck "

There is little left now of the activities of the old LAFB except memories, and they will remain for many. But there are hopes by Harr and others that the silence soon will be gone and busy persons again will be using the base facilities.

## Missouri River Deepening Gets Senate Backing

Washington (UPI)—The Senate Appropriations Committee Monday agreed that Army Engineers should be given the full $8 3 million the corps can use in the current fiscal year to deepen the Missouri River from Sioux City, Iowa, to the mouth.

The committee's recommended $4 1 billion bill to finance public works throughout the country added $1 3 million to the $7 1 million provided in the House-passed bill to deepen the river channel

Sen Roman L Hruska, R-Neb , who requested the increase, said this would permit the engineers to complete the channel work as far upstream as Omaha during the fiscal year which ends next June 30.

If approved by the Senate, the added funds will be subject to compromise when House and Senate conferees meet to iron out differences between their versions of the bill.

# '. . . After Learning, You Will Replace Me'

By JACK FROST

"You are to be my replacement after learning the work "

Speaking was Instructor Robert Sharp to six corpsmen during the first day of classes at the Lincoln Job Corps center The class was vehicle and light industrial training where the corpsmen are taught basic and advanced elements of becoming an auto mechanic

They were standing around an actual gas pump being instructed in how to read the pump, correct procedure in filling a car, and the location of gas tanks on various models of autos

**The course is divided into stations, each of which has several sub-stations. When Sharp spoke of "replacement," he was referring to the "lattice" technique of teaching. A corpsman becomes proficient in each station and then as a "replacement," teaches new enrollees.**

The corpsmen are evaluated by instructors observing them teaching others. This constitutes a test of knowledge and if he does not know the material, he cannot impart the information to the new corpsman

Other than the vehicle and light industrial, there is the culinary arts and general vocation campus. Six are expected to be in operation by next year

**Clifford Prell was observed in the culinary arts class teaching basic technique of knife sharpening. All corpsmen are dressed in white uniforms during the step by step process to simulate actual working conditions of sanitation.**

Again it is a station by station process working toward the title of cook Down the line is meat cutting, knife cleaning, and various aspects of handling utensils that would be used by a cook.

In the general vocational class, with instructor Dale Harris, the students were viewing a slide demonstration of various tools and their application Later the trainees will go into wood and metal working.

**To date there are 139 corpsmen enrolled with more expected this week. There are 53 involved with actual class work. They have completed the three weeks of orientation required and will be joined by others following their orientation period.**

In the classroom there is a 12 corpsman to one instructor ratio in remedial education and 15 to 1 ratio in vocational training. This allows more individual attention for students.

Lincoln corpsmen find little time on their hands They arise at 6 a.m., classes starting at 8 a.m. Their full day ends at 7 15 p.m Quite a day for anyone, but especially for a corpsman seeking new knowledge and skill in a home away from home.

# Human Rights Commission Ordinance Approved, 5-0

An ordinance establishing a Commission on Human Rights has been approved by the City Council on a 5-0 vote.

Only one person, Leo Bartunek, appeared on the ordinance during its public hearing. He opposed it.

Voting in favor were Council members John Comstock, Lloyd Hinkley, Carroll Thompson, Mrs. Helen Boosalis and Ervin Peterson.

**The adopted ordinance says "the City Council finds that it will be helpful to the city, its citizens and its city government to create such a commission as a governmental agency to investigate and discover instances of discrimination affecting civil rights and equal opportunities for employment and housing."**

The proposed commission would consist of nine members who would serve without pay. Commission members would be appointed by the mayor with confirmation by the Council

Key provisions of the ordinance are

**Complaints** — To receive and investigate complaints of discrimination because of race, color religion, sex or national origin and to initiate its own investigaton of such discrimination (1) By any city official; or (2) By any individual, firm, corporation, or voluntary association;

**Programs** — To develop and recommend to the city and public and private organizations, programs and techniques designed to eliminate discrimination because of race, color, religion, sex, or national origin;

**Hearings** — To recommend that the City Council hold hearings, administer oaths, and take the testimony of persons under oath relating to any matter under investigation or in question before commission determines that it is necessary for the achievement of its purposes to obtain information which cannot be obtained by voluntary procedures;

**Information** — To issue publications and public information which in its judgment will promote the achievement of its purposes;

**Education** — To carry out a public education program and solicit the cooperation of individuals and organizations in the city in promoting equalty and understanding among all individuals;

**Others** — To cooperate with governmental subdivisions, agencies, or public corporations whether federal, state, or local in the elimination of discrimination because of race, color, religion, sex, or national origin;

**Advisory** — To request the city to create such advisory committees and sub-committees as in the commission's judgment are necessary to achieve the purposes of this ordinance;

**Legislation** — To recommend to the mayor and City Council legislation to aid in carrying out the purposes of this ordinance;

**Report** — To submit an annual report to the mayor and City Council which shall become a part of the official records of the city.

**Findings and Recommendations** — After its completion of public hearings or investigations, the Commission shall make a report in writing to the mayor and City Council setting forth findings of which report shall become a part of the official records of the city.

**Director and Staff** — The mayor is authorized to appoint one or more employees as a part of the classified service in the executive branch, to assist the commission in the performance of its duties

**Funds** — Expenses for the commission's activity shall be paid out of the funds of the city treasury within amounts appropriated therefor

**Relations with City Departments and Agencies** — All departments and agencies of the city shall cooperate to the fullest extent possible in making available to the commission such information, services, and documentation as it shall request.

Bartunek told the Council that the ordinance was unnecessary, that any such Lincoln situations would be covered by a state law passed by the Legislature in its last session

"This ordinance is an overlapping of functions," said Bartunek. "You can do it under LB119"

## Mob Asks Hess Prison Release

Berlin (UPI)—Several hundred persons have stoned police and broken through barricades outside Spandau prison demanding the release of the fortress' sole prisoner, Rudolf Hess One report said the demonstrators sang Nazi songs

The demonstration by about 400 persons erupted shortly after the midnight release of two top Nazis who had completed 20-year prison terms imposed by the Allies at the Post World War II Nuernberg War Crime trials

# Road Dept. Will Open Estimated $5 Million in Bids On Oct. 12

By United Press International

The State Roads Dept. has announced it will open bids Oct. 20 on an estimated $5 million of highway construction work.

Included in the batch is a $790,000 Interstate 80 project to grade, pave, add culverts, a guard rail and fence on the superhighway between Maple St. and the Chicago and North Western Railway crossing in Omaha.

**Bids will also be asked on a $50,000 highway beautification project on the Interstate West of the Milford interchange on the eastbound lane.**

The plan calls for picnic shelters, a public restroom and roadside improvements.

A federal aid urban project costing an estimated $495,000 will be up for bid on 72nd St. between Western and Military Aves. in Omaha. Grading, paving, culverts and related work are incuded.

Other projects giving county, location, distance in miles (if any) and type of work:

**Federal Aid Primary**

**Douglas** — On Neb. 133 between Elk City and Omaha, 3.8; grading paving, culverts, two bridges and traffic signals.

**Washington**—On U.S. 30 between Arlington and Blair; 5.8; grading, paving, culverts, four bridges.

**Madison**—On Neb. 81 south of Norfolk; 0.4, grading, culverts, guard rail and related work.

**Buffalo**—On U.S. 183 between Miller and Custer County line, 7.8; grading, guard rail and related work

**Federal Aid Secondary**

**Cedar** — On secondary highway west of Menominee, 0.5; gravel surface.

guard rail and asphaltic concrete surface

**Sherman** — On secondary highway east of Loup City, 2; gravel surface

**State Construction**

**Cass**—On U.S. 34 between Union and Neb. 50, 5; grading, culverts and one bridge.

**State Maintenance (Gravel Surfacing)**

**Saline** — On Neb. 15 between U.S. 6 and Neb. 41.

**Thayer and Jefferson**—On Neb. 8 between Hubbell and Reynolds.

## Jockeys' Colors

Frankfort, Ky. (AP) — The distinctive colors worn by jockeys in horse racing serve a purpose. You can't tell one horse from another on the far side of the track, but you can identify them by the jockeys' colors.

## Curfew Legal

Frankfort, Ky. (AP) — A midnight-to-5 a.m. curfew for adults in the city of West Point, Ky., has been termed legal by the state Attorney General's office, as long as it is not used to prevent anyone from walking for exercise or for social purposes.

# *Controversial Keys Ordinance Repealed*

An ordinance repealing the controversial keys-in-unattended-car ordinance has been passed by the City Council on a 4-1 vote.

**In favor of the repeal measure were Council members Mrs. Helen Boosalis, Lloyd Hinkley, Carroll Thompson and Ervin Peterson. Against was John Comstock. John Mason and John Selleck, were absent.**

Strongly opposed by downtown business interests and later, batted down by a Municipal Court ruling, the keys-in-unattended-car measure has been one of this year's most debated Council issues.

Major proponent of the original measure was Councilman Comstock, who supported it as a means of deterring auto thefts.

**However, after the original ordinance was ruled against by the Municipal Court on the basis of wording, the other council members refused to support the ammended ordinance.**

Passage of the repeal ordinance means it is no longer unlawful to leave keys in the ignitions of parked cars on city streets.

# Power Review Bd. Seeks Legislation

## *Questions in Schuyler-CPPD Dispute 'Need Answers'*

State Power Review Board members told Gov. Frank Morrison they hope the 1967 Legislature will resolve a retail service area matter involving new industries which locate outside Nebraska municipalities.

The board made that comment in its third annual report to the governor.

**With the exception of a city of Lincoln-Norris Public Power Dist. service area agreement, the report noted, the board has concluded service area agreements throughout the state.**

But questions which arose in a Schuyler-Cornhusker Public Power Dist. dispute, the board said, need to be settled by the next Legislature.

The board also said it is "holding firm to the proposition" that Nebraska needs new generating facilities within the state as well as new transmission ties to out-of-state sources to meet the state's growing demand for electricity.

**Supplements**

New transmission interconnections, the report said, "must be supplemented by installation of large generation units strategically located throughout the state."

Summarizing its year's activities, the report said the board held 37 regular meetings, conducted 24 hearings and approved 31 voluntary service area agreements and 202 requests for line extensions.

**Expenses for the fiscal year were listed as $48,724.**

Of the many orders entered since the board came into existence, the report noted, only two rulings have been appealed to the State Supreme Court. In both cases, the board was upheld by the court.

### Central Power—No Major Fight

The Central Nebraska Public Power and Irrigation Dist. "has not and will not promote or raise a major fight" to construct new electric generating facilities, according to Central's general manager, Jack W. Boyd of Holdrege.

**Boyd made the comment to the South Platte United Chambers of Commerce (SPUCC) after the SPUCC asked Central to increase its generation capacity as a solution to blackouts and power curtailments.**

Central, Boyd said in a letter to the SPUCC, "has gone as far as it can go" in providing additional electric power "without some expression of definite interest on the part of Nebraska's major electric utilities."

Central, he explained, is a wholesale power supplier similar to the U.S. Bureau of Reclamation and would have to have a customer for the additional electricity it might produce.

"If and when the major utilities determine any of Central's additional power capabilities are desirable, I'm sure our board of directors will give every consideration to making it available," he said.

"Economics and reliability, not politics or ruthless infighting, should determine Nebraska's power sources," Boyd said.

**Central has completed preliminary studies on a potential 100,000 to 150,000-kilowatt addition to its Canaday Steam Plant near Lexington.**

These studies, Boyd said, show such a unit could provide power for less than 4.50 mills per kilowatt hour.

Other Central studies include the possibility of adding 75,000 kilowatts of hydroelectric power to its system to provide additional power.

Central's entire electric output, about 860 million kilowatt hours annually, is sold to the Nebraska Public Power System (NPPS). The power is about one-third of the electricity used each year in the eastern two-thirds of the state excluding Omaha.

# Democrat Candidates Are Lauded

Continued From Page 1

**the continued high employment of city dwellers.**

For they, he said, provide an expanding market. In like fashion, "if there is one fact of life, it is that the prosperity of the man on main street is no better than the prosperity of the man out there tilling the fields."

To pit the farmer against the consumer, and vice versa, Humphrey asserted, is "cheap, low-down politics."

The vice president said farmers must be "ready to expand American agricultural production. We must be ready for changes in emphasis in our government agricultural policies."

**Programs Worked**

Farm programs begun by the Johnson-Humphrey Administration "have worked. They have had a favorable effect on farm income. We should not abandon them."

While admitting "neither the machinery nor the programs have been perfect," Humphrey said surpluses in corn, wheat and soybeans have been ended and with them, the prospect of cheap feed.

**Cheap feed means cheap pork, cheap cattle and cheap poultry, the wind-blown crowd was advised. "And cheap, cheap means going broke," Humphrey submitted.**

For fellow Democrats, Humphrey was particularly laudatory.

He said in Gov. Frank Morrison, "you have another George Norris." Morrison is seeking Republican Curtis' seat this year.

Democratic gubernatorial nominee Philip C. Sorensen was described as an "illustrious . . . brilliant, capable, able young man." Rep. Clair Callan praised for his "excellent service in the U.S. Congress on behalf of his district, the state and the nation."

**Mixed Humor**

Humphrey's observations on Republicans mixed humor with sharp chiding.

Noting GOP remarks about the parade of Democratic notables in Nebraska recently, Humphrey said "I hope Republicans in Nebraska will not discourage tourism . . . You never can tell, these fellows may spend a dollar."

Humphrey blistered Curtis for his refusal to debate Morrison, a series of confrontations the governor has consistently proposed since March.

**"A man unwilling to stand on the same platform with his political opponent has something to hide. If a man can't defend his record," Humphrey said, he "ought not have the office."**

# Educator Dies at 54

## *Thomas Organ Of St. Paul*

St. Paul (AP) — Thomas Organ, St. Paul superintendent of schools, died en route to a hospital Monday night after he became ill while attending a school board meeting.

Organ, who was 54, had been superintendent here 17 years.

Survivors include his wife and two daughters, Mrs. Barbara O'Mara of Lincoln and Miss Mary Organ of St. Paul.

### Mrs. Cotton, Baseball Fan, Is Dead at 83

One of Lincoln's most ardent baseball fans, Mrs. Alwina Cotton, 1125 West Q, died Monday. She was 83.

**Mrs. Cotton's faithful attendance at American Legion games at Sherman Field earned her several awards from Legion officials in appreciation of her enthusiasm. Twice she received autographed baseballs and a presentation at home plate.**

She picked up her love for baseball from her late husband, Jim, and her son, Dallas, has worked regularly with the Legion baseball program.

A lifelong resident of Lincoln, Mrs. Cotton was a member of the Order of Eastern Star and Lakeview Methodist Church.

Survivors include sons James and Dallas, both of Lincoln; Harry, of McCook; sister, Clara Branz of Gresham; four grandchildren and five great-grandchildren.

# 'Maverick Idealism'

## *Nisley Raps Carpenter*

Omaha (UPI) — Richard W. Nisley, president of the Nebraska AFL-CIO, said Sen. Terry Carpenter's "maverick idealism" appeared in his suggestion that Nisley resign or be impeached as president of the state AFL-CIO.

He said he has "no specific objection to maverick idealism nor would we want to see that sort of thinking and expression eliminated because organized labor, in Nebraska at least, has been evaluated by others and classified in the same category more times than not."

**Nisley added that Carpenter's statement that Nisley "succeeded in getting the state AFL-CIO convention to do an about face and come out for the referendum" on the state income tax must not have taken into consideration the intelligence and integrity of the convention delegates.**

The union president said that the resolution supporting the income tax referendum made reference to the deficiencies and imperfections, from the working man's viewpoint, in the proposal.

"The delegates recognizing their responsibility as citizens of Nebraska, coupled with the revenue needs of the state, plus the practical legislative aspects of Nebraska tax problems, saw fit to choose that course which would be least punitive to them as taxpayers," Nisley said.

### Richard Widick, Police Chief at Friend, Is Dead

Friend — Richard B. Widick, chief of police here 20 years, died Tuesday. He was 71.

He had been a city employe 28 years and was a member of the Police Officers Association of Nebraska.

Survivors include his wife, Myrtle; sons, Dallis of San Diego, Calif., Richard of Lincoln, Calvin of Lawton, Okla.; daughters, Mrs. Glenn Couch of Lincoln, Mrs. John Horner of Kingman, Ariz.; and sisters, Mrs. Dan Drake of Friend, Mrs. Nell Owens of Cheyenne, Wyo., and Mrs. Ben Sehnert of Dorchester.

Funeral services are pending.

# *'Suddenly—60,000 New Balloters'*

Nebraska would have some 60,000 new voters if the proposal which State Sen. Eugene Mahoney of Omaha said he will introduce at the next Legislature is passed.

If his proposal to lower the voting age to 18 is approved, Nebraska will join four of its sister states which now allow minors to vote. (The voting age is now 21).

Similar legislation has been introduced in the Nebraska Legislature five times in the past. Each time the measure failed to receive a majority.

The estimated number of new votes is from a Census Bureau projection.

# Quota End Is Sought

## *On Exporting Cattle Hides*

**Special to The Journal**

Washington — The House of Representatives acted Tuesday to rescind export control quotas on cattle hides, according to Congressman Clair Callan, D-Neb.

**The Nebraska Congressman said if an amendment attached to the Department of Commerce appropriations bill Tuesday afternoon is retained by the Senate, export quota orders issued last March would be nullified.**

"We have been working on this amendment with the Appropriations Committee and were successful in holding it in the bill on the floor of the House," Callan said.

**Callan and other farm state congressmen protested the Commerce Dept. order last March. Callan said, at that time, that the quota orders would mean a loss of more than $17 million to Nebraska producers this year.**

The amendment provides that no appropriations shall be used for the enforcement of any export control orders on cattle hides.

"This would have the effect of nullifying the export quota orders," Callan said.

Hampton — A 71-year-old Portland, Ore., man, Guy Hart, died Monday afternoon of injuries received in a highway accident just west of Hampton on U.S. 34.

His wife, Anna, 69, was listed in critical condition in an Aurora hospital.

A Safety Patrol report said the westbound Oregon car collided almost headon with an eastbound semi-truck loaded with hogs while attempting to pass a car.

A car following Hart and driven by LaRhue G. Friesen of Henderson also collided with the truck after it landed crossways in the highway, the patrol said. Both cars wound up in the north ditch.

Driver of the truck was Dennis Kear, 26, of York.

# Prison Hearing Deferred

## *Discrimination Suit Was Filed*

A hearing on alleged racial discrimination at the State Penitentiary scheduled to begin Tuesday in U.S. District Court was continued to a later date by Judge Robert Van Pelt.

The hearing was on part of a suit filed by 31 prison inmates about two years ago alleging discrimination that included not allowing them to live in the East Cell House, the prison's only all-white living quarters.

**Judge Van Pelt Tuesday allowed reinstatement of Wilbur L. Phillips of Omaha to represent the inmates and gave Phillips until Nov. 1 to file an amended petition. The State Attorney General's office has four weeks after that to file an answer.**

The inmates' petition, which alleges violation of the Civil Rights Act and U.S. Constitution, originally alleged several violations.

Now, however, it is based on the sole point that prison officials will not allow Negro inmates to live in the East Cell House.

**This same point was covered Sept. 23 and 24 during hearings into alleged racial discrimination at the State Penal Complex by the Governor's Advisory Committee to Institutions and Welfare.**

Warden Maurice Sigler told the committee only white prisoners are housed in the East Cell House for security reasons.

Prison officials and both Negro and white inmates predicted trouble if the cell house were integrated.

The committee ended its hearings by issuing a statement approving the Warden's practice of keeping one cell house segregated.

# *Officials Confer on Abel Hall*

Representatives of the University of Nebraska and the Lincoln fire department held the first of a possible series of meetings in connection with the Sunday night fire at Abel Hall.

**Russell Brown, administrative assistant to the vice chancellor for student affairs, said maintenance and housing personnel met with Chief Fire Inspector DeWayne McIntyre to discuss the dormitory fire and evacuation policies.**

Brown said the group is considering where the 1,000 students of the 13-story male dorm can be temporarily housed in the event of fire.

The students were kept outside the building about one hour Sunday while fire department officials checked the building to be sure the fire was out.

**A fire started in the trash chute and was extinguished by the automatic sprinkler system, Brown said. He added that several students still smelled smoke and sounded the fire alarm.**

Brown said plans are being considered which call for Nebraska Hall, the Student Union and the cafeteria of Sandoz Hall to be used by the Abel students in the event of another evacuation.

### Valentine Man Dies in Vietnam

Valentine (UPI) — Word was received Monday of the death in Vietnam Saturday of Bill Stubbe, 21, who formerly lived here.

Stubbe was graduated from Valentine High School in 1964 and lived with an uncle, Vern Omer, a member of the Nebraska Safety Patrol.

Survivors include Stubbe's mother, Mrs. Morris Johnson of Central City, and a sister in Ohio.

Stubbe was a member of the Army Special Forces group and was a member of the Green Berets.

Funeral services were pending.

# Ebers Says Processing Vital Need

## *Nebraska Has Resources*

Grange Master Albert J. Ebers of Seward, in his address Tuesday at the 56th annual session of the Nebraska State Grange, said the income from marketing the food Nebraska produces would amount to $2.7 billion or nearly twice the income from its production.

"Isn't it a little stupid to ship our food products to be processed in other states and our own people must follow to get good paying jobs when we have such vital resources as power, water and people in Nebraska where processing, packaging and preparing foods could be done here?" asked Ebers.

**Ebers said to attract industires that would keep Nebraska products here for processing makes the NU College of Agriculture and Home Economics an important place to train the personnel and technicians needed to make Nebraska's agricultural production ready for the retail grocer.**

Ebers said the Grange would oppose any sales tax without proper exemptions of production items.

"Such a tax would be grossly unfair and inequitable and cause farmers to pay more than three times as much sales tax as the salaried man on a comparable income," said Ebers as he listed what he termed obvious exemptions required by agriculture, such as feed, seed, fertilizer, insecticides, machinery and repairs.

Ebers encouraged the state Grange to adopt a position of waiting for big decisions on a road building program for Nebraska until an intensive survey and analysis of the conditions of Nebraska highways is available about February.

**He noted the tremendous importance of roads for transporting agricultural products but questioned if the Nebraska Highway Dept. would have the personnel and plans to handle a crash highway building program.**

The Grange, which has strongly supported the family farm, was told by Ebers that to meet the competition by corporations entering agriculture it would be necessary for family farms to cooperate with a group of family units to obtain discounts available to corporations and to provide large uniform product supplies for premiums in marketing.

Ebers also had something to say about the power of the secretary of agriculture to regulate prices of farm products.

**"When prices go sky high, then drop just as far, we could produce ourselves right back into burdensome surpluses with disastrous prices. For the good of agriculture let us use our good common sense in retaining the position we are now in, increase production only as the markets increase so that a fair return in price can be ours.**

"In this endeavor we will need the services and regulation our government and secretary of agriculture can give us through good laws," said Ebers.

He predicted farmers should have a good prospect for increased feed grain allotments for 1967.

Herschel Newsom, national Grange master, Washington, D.C., was to attend Tuesday and Wednesday sessions.

### *Lewis and Clark Ask Expansion Of Area Study*

Leavenworth, Kan. (UPI)—The Lewis and Clark Trail Commission has adopted a resolution asking Congress to consider expanding a recreational study of the Missouri River from Fort Benton, Mont., to the river's mouth near Wood River, Ill.

The resolution was directed to the Senate Committee on Interior and Insular Affairs.

**The committee presently is studying a recreational area proposal from Fort Benton to Yankton, S.D., and the commission asked that the lower portion of the river also be included.**

The 11-state commission also heard a report from chairman S. R. Fisher of Des Moines, Iowa, concerning placing of highway marker symbols along the Lewis and Clark Expeditionary Force route of 1804-06 from St. Louis to Portland, Ore.

**The 11-state commission was established in 1964 by an act of Congress.**

*Desegregation*

# Howe Eyes Transfer To States

Washington (UPI) — U.S. Education Commissioner Harold Howe II said Tuesday he is studying the possibility of turning school desegregation enforcement over to states that want it.

"I don't know about the legality of it," Howe told the House Rules Committee where he is under sharp attack by southerners for the guidelines his office laid down for integrating schools.

"I don't know whether we can farm out our responsibility. I intend to have this explored by our attorneys," Howe said.

Howe disclosed his plan after his office was accused of trying to destroy the present school systems by withholding federal aid to those districts that do not integrate fast enough.

Acting Atty. Gen. Ramsey Clark, in a statement to the committee, said the Office of Education is required by law to demand faculty desegregation as a condition of continued federal school aid.

## African Nation Lesotho Becomes Independent

Maseru, Lesotho (UPI) — Basutoland, a tiny enclave in the heat of South Africa, became the kingdom of Lesotho Tuesday, the second former British colony in Africa to become an independent nation in a week.

At midnight, the union jack which had flown for 98 years over this mountainous country of about one million population, was lowered and the red, green and blue banner of Lesotho was raised to the accompaniment of exploding fireworks and cheers from more than 300,000 Basuto tribesmen.

**Only four days ago, another British territory, Bechuanaland became the new nation of Botswana. A third territory, Swaziland, will become self-ruling in two years. Both countries border South Africa.**

Tuesday's ceremonies, presided over by King-elect Moshoeshoe II, British representative Sir Alexander Giles and Princess Marina, took place in the Maseru stadium where tribesmen wearing colorful blankets had been gathering since Monday.

## Vietnam Visit Slated

Washington (UPI) — Defense Sec. Robert S. McNamara flies to Saigon Saturday for a week of military and political conferences on the future money and manpower needs of the Vietnam war.

It is a foregone conclusion that the war's rising costs will mean another multi-billion dollar supplemental appropriation request from Congress early next year and possibly sooner.

**The data gathered by McNamara would likely form the basis for the money request and would also be available to President Johnson before the Manila conference on Vietnam late this month.**

In announcing the trip — McNamara's eighth to Vietnam — the Pentagon said Monday the secretary would confer with Ambassador Henry Cabot Lodge, Gen. William C. Westmoreland, U.S. commander in Vietnam, and inspect combat units in the field.

## Pact Called Inflationary

Washington (UPI) — President Johnson's chief economic advisors Tuesday denounced "clearly inflationary" a wage contract settlement between American Airlines and the Transport Workers Union.

In a statement, Chairman Gardner Ackley of the President's Council of Economic Advisers said the agreement called for a 6.5% wage talk.

# Subsidiary Strike Forces Chrysler To Order Layoff of 38,300 Workers

Detroit (UPI) — A strike at a key stamping plant Tuesday forced Chrysler Corp. to order layoffs of 38,300 workers and warn that 110,000 could be idled and all its 34 car factories closed unless a settlement is reached.

Seventeen factories with a total employment of 57,500 could be affected by the end of this week unless the strike at Chrysler's Twinsburg, Ohio, stamping plant is settled, a company spokesman said.

**The other factories likely will close next week if the strike continues, he said.**

The walkout, coming five days after Chrysler put its 1967 models on sale, crippled a fast production pace. Lynn Townsend, Chrysler president, told employes the walkout would mean "a permanent loss of jobs to some."

He called the walkout by the Twinsburg plant's 4,200 workers "unnecessary" and "irresponsible."

**Accessory Products**

Negotiations resumed in Twinsburg Tuesday in an effort to end the strike which started Thursday. The plant makes car doors, fenders, body panels and other parts.

Chrysler closed its Hamtramck, Mich., assembly plant late Monday, laying off 8,100 workers. Townsend said two assembly plants in Detroit and one in Newark, Del., would be closed after Tuesday's night shift, idling 14,300 workers.

**An additional 15,900 were scheduled for layoffs after Wednesday shifts at assembly plants in Belvidere, Ill., St. Louis and Windsor, Ont.**

## GE Strike 'Won't Hurt Viet Effort'

Washington (UPI) — Union President Paul Jennings rejected Tuesday the contention that a strike against General Electric Corp. would hurt the U.S. war effort in Vietnam.

"I don't buy the argument at all," he said.

But, Jennings added in an interview, he will continue to go along with President Johnson's request for a two week extension of the nation-wide strike against the giant electrical manufacturing firm.

General Electric produces engines for military jet planes and helicopters and other military hardware, along with a broad range of consumer goods.

## St. Louis Chevy Plant Is Struck

St. Louis, Mo. (UPI) — About 3,900 employes at the Chevrolet plant in St. Louis went on strike Tuesday, stopping work on passenger car, truck and Corvette assembly lines and halting production at the nearby Fisher Body Co. plant.

The 3,000 employes at Fisher, who make passenger car bodies for the Chevrolet plant, were sent home.

Negotiators bargained all night in an effort to avert the strike but were unable to reach agreement on a United Auto Workers complaint that employes were overloaded with work. Negotiators were still in session when the strike began.

Both the Fisher and Chevrolet employes are members of Local 25 of the UAW, but the Fisher employes did not strike.

*Ann Landers.... Answers Personal Problems*

# *So Follow Dad's Footsteps; Lotsa Luck, You'll Need It*

**Dear Ann Landers:** What is your opinion of a poor man marrying for money?

I'm a pensioner and make barely enough on the side as a free-lance writer to live decently. The woman I have been going with is not wealthy but we could both live very comfortably on what she has.

Several months back I sold an article and was able to take her to dinner several times. When my money ran low she knew it and asked about going Dutch. I agreed.

The next evening we went to a movie. While I was getting my wallet out she slid her arm under mine and thrust $10 at the cashier. I was greatly embarrassed.

My mother inherited some money and she never let dad forget that many of the nice things we had were bought with her money. She let us kids know it, too.

I always said I'd starve to death before I'd marry a woman who had more money than I did but now that I am faced with the possibility I'm not so sure.

We are not kids anymore and marriage would give us companionship in our twilight years. Would this make me a gigolo?

—The Big Q

**Dear Q.: Do you want a girl just like the girl who married dear old dad? If you do, here's your chance. And lotsa luck. You'll need it.**

* * *

Dear Ann Landers: We have two children. I am writing about our six-year-old girl. I will use a made up name — Flora.

Several weeks ago Flora had a birthday party. I invited 16 children. They all seemed to have a good time.

Since then two of those children have had birthday parties but they did not invite Flora. I am not blaming the children. They are too young to know better, but their mothers should be ashamed of themeselves for hurting a young child's feelings that way.

Should I continue to be pleasant to the mothers or would it be more honest to come right out and ask them why they left out my little girl?

—Hurt

**Dear Hurt: If you want to help your little girl, you'd better find out by observing her at play and checking with her teacher to determine why she is not liked by some of the children. You are pointing your finger at the mothers but I suspect it was the youngsters who did not want to invite Flora.**

* * *

Dear Ann Landers: My husband cannot understand why we can't save money, even though we cut corners wherever we can and stay at home with the children instead of going out.

Will you please print the following information:

Two cases of beer plus a couple of stops at the tavern amounts to $10 a week.

Fifty-two times $10 equals $520 a year.

Ten years of marriage times $520 equals $5,200.

A lot of nice houses can be had with a down payment of $5,200. Get it?

—Broke and Still Renting

**Dear Broke: Yes. I get it. But unfortunately, the people who need to get it are lousy at this kind of arithmetic. That's why they're broke and still renting.**

* * *

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Exotic Food

# Pancakes Are A Taste Sensation

By POLLY PARSONS

The pancake is an exotic food, as well as a breakfast staple. Whatever the meal, these pancake ideas are a taste sensation at the table.

**Sour Cream Filbert Pancakes**

- 1 cup dairy sour cream
- ½ cup water
- 1 cup sifted all-purpose flour
- ¼ cup toasted wheat germ
- 1 teaspoon baking soda
- ½ teaspoon salt
- 1 tablespoon sugar
- 1 tablespoon vegetable oil
- 1 egg
- ¼ cup finely chopped filberts

Combine all ingredients except filberts. Beat or blend until well-mixed. Stir in nuts. Bake on moderately hot griddle, turning when underside is golden brown. Makes 8 to 10 pancakes.

**German Apple Pancakes**

- 2 slightly beaten eggs
- 1 cup milk
- ¼ cup light or dark corn syrup
- 1¼ cups sifted flour
- 6 tablespoons margarine
- 2 apples, pared, cored and thinly sliced

Beat eggs, milk and corn syrup together until well blended. Add flour; mix until smooth. Melt 2 tablespoons margarine in large skillet over medium-low heat.

Pour batter for pancakes into a large skillet, using enough batter to cover the bottom of the skillet. Top with apple slices. Cook, turning once, until lightly browned on both sides.

Place on platter, apple side up. Roll up. Keep warm in very slow oven, if desired. Continue preparing pancakes until all batter is used. Serve with bacon and syrup. Makes 6 large pancakes.

**Japanese Mandarin Pancake Stacks**

- 1 11-ounce can Mandarin oranges, drained
- ½ cup syrup drained from orange segments
- ¼ cup sour cream
- 1 slightly beaten egg
- 1 cup pancake mix
- Canadian bacon slices
- Maple syrup

Chop half of orange segments; combine with half cup of syrup. Combine with sour cream, egg and stir into pancake mix. While bacon cooks make pancakes on hot griddle.

Arrange layer of pancakes, bacon, and orange segments, as high as you want to stack them. Combine remaining orange segments with maple syrup and pour over pancakes. Makes two generous or four small stacks.

# Nebraska's Senators Score Zero

## *ADA Views Hruska, Curtis*

Washington (AP)—Americans for Democratic Action says 24 Democratic congressmen have given 100% support to liberal measures so far this session

**Among those receiving the ADA's 100 per cent "liberal quotients" were Sens. Joseph S. Clark, Pa.; Edward M. Kennedy, Mass.; Robert F. Kennedy, N.Y., and Gaylord Nelson, Wis.**

ADA defines liberal quotient as "a measure of the liberalism of a member of Congress determined by the percentage of his votes cast, paired or announced in support of liberal policy, measured against the number of votes counted"

Nebraska's Republican senators, Carl Curtis and Roman Hruska, were given "liberal quotient" scores of zero

**Rep. Clair Callan, Nebraska's only Democratic congressman, had a rating of 58%. Rep. Glenn Cunningham was rated 17% by the ADA and Rep. Dave Martin zero.**

ADA, which is not affiliated with either party, generally backs policies of recent Democratic administrations, beginning with the Roosevelt New Deal. It supported such measures this year as minimum wage improvements, an end to discrimination in housing, unemployment compensation reforms and rent supplement funding

# Committee OKs Funds

## *Some Changes For Nebraska*

Washington (AP)—The Senate Appropriations Committee approved a $4,139,244,000 public money bill carrying funds for hundreds of irrigation, flood control, navigation and power projects

The Senate Committee increased the bill by $28,312,000 over the amount approved by the House It was still $27,829,000 under President Johnson's budget and $186,348,000 under the appropriations for similar purposes last year

Here are the changes affecting Nebraska

Construction: Missouri River, Sioux City to mouth, Iowa, Kansas, Missouri and Nebraska, $8,300,000 The House allowance was $7,100,000

Planning Little Nemaha River $25 000 The House made no allowance

Reclamation Bureau Project

Planning Missouri Basin Project, Mid-State division, $175,000 No House provision.

**Never Take a Laxative Again!**

**New Miracle Regulator Keeps Waste Soft—So Bowels Move Naturally**

New York, N.Y. (Special)—After 12 years' research scientists have discovered a wonder-working substance that corrects constipation entirely without laxatives!

Doctors say most constipation occurs when waste loses moisture in the colon—becomes dry, hard difficult to move To give relief laxatives have to force action by flushing irritating or distending the intestine

The new miracle substance—known medically as dioctyl sodium sulfosuccinate—works in a completely different way It is not a laxative! It simply makes natural moisture in the colon moisten and soften dry, hard waste more effectively Then normal elimination follows naturally Thus by working only on waste not on you, the substance corrects constipation and restores regularity as no laxative can

This new discovery has now been made available at drugstores under the name REGUTOL It is safe — not habit-forming No warning on the label—no prescription needed Try REGUTOL—discover for yourself that you may never need to take a laxative again!

# *Responsibility Theme Of Garden Club Talk*

Mrs. Fred Mauntel, president of the National Council of State Garden Clubs, challenged an audience of 225 Nebraska Garden Club members to "be personally responsible for beauty and progress in your community and state"

**Speaking to the 32nd annual convention of the Federated Garden Clubs of Nebraska meeting in Lincoln, Mrs. Mauntel urged the women present to carry out the theme of the convention—"Nature's bounty; Ours to Use and Conserve."**

"You have great natural beauty here in Nebraska," Mrs Mauntel said, "and extremely fertile soil These are your very special heritage

"In our national program we are stressing conservation with the theme keep faith with tomorrow'" the Washington, Mo, native said She said that in Nebraska a great deal has been accomplished through 'trail blazing conservation"

**Mrs. Mauntel urged Garden Club members to greater goals of "becoming involved with the forces around you. Be aware of beauty and make others aware of it" she urged.**

In line with the conservation efforts of the National Federation of Garden Clubs, the Nebraska clubs were presented an award certificate from the US Forest Service by Rocky Mountain Regional director Mary Louise Riede.

The award was presented to Mrs Michael Edwards of Lincoln, outgoing president of the Nebraska federation," in recognition of the outstanding conservation work of the Nebraska Garden Clubs" in the area of water pollution control

**Also receiving a Forest Service award was Mrs. Lyle Johnsrud of Ft. Benton, Mont., director of the conservation program of the Rocky Mountain Region of Garden Clubs. She is leading the eight state region in its unified conservation effort of water pollution control, in hopes of obtaining the national award of conservation for her region.**

William O Dobler, editor of The Lincoln Star, was presented an award for his editorials which urge the same goals as the Garden Clubs—"conservation, civic development, and family life"

Lincoln church news is carried on a special page in the "Sunday Journal and Star"

# Smaller Paper? . . . There's a Reason

The latest issue of The Forum, inmate newspaper at the Nebraska Penal Complex, was smaller than usual—and for a reason.

As co-editors Jim La Rosee and Kenny Wells explained, the copy for the edition was prepared, then placed atop a locker in a trusty dormitory with a view to taking it to the warden's office for approval the next day.

Meantime, the dormitory lieutenant ordered a cleanup of the top of the lockers, and a porter removed the accumulation of papers, magazines and other paraphernalia, including the still-unpublished prison newspaper copy, and took the material to the dump for burning.

**Discovering what had happened, the editors arranged for a quick trip to the dump, only to learn that the material had gone up in smoke.**

Editors spent the next day and a half, re-creating enough copy to fill four pages.

Some inmate colleagues of the editors termed it "one of the most brilliant ideas we've heard to get out of picking beans." The editors denied any such plan.

But the newspaper said Warden Maurice Sigler put it bluntly to the editors: "The next time this happens, your jobs go up in smoke"

# Dodgers Favorite With Stronger Pitching

★ ★ ★

Don Drysdale
LA right-hander

Los Angeles (AP)—Don Drysdale, who has Dodger Stadium on his side, will pitch the opening game of the World Series for Los Angeles Wednesday against Baltimore's Dave McNally, who has a telegram with 7,000 signatures on his.

Drysdale's weapon, the same one that will serve Sandy Koufax and Claude Osteen, undoubtedly is more effective and is one of the major reasons Los Angeles' National League champions have been established as 8-5 favorites over the American League champion Orioles.

**In five previous World Series games at Dodger Stadium, Koufax, Drysdale and Osteen have allowed just three runs, with each showing one shutout. The almost perfect pitching has brought the Dodgers five victories and an unbeaten Series record at home.**

McNally will have to match pitches with Drysdale, armed with a much less effective weapon—a telegram of good wishes being sent by 7,000 of his hometown friends and admirers in Billings, Mont.

But, oddly enough, McNally got an unqualified nod from Manager Hank Bauer for the important opening game assignment while there's little doubt that Walt Alston, the Dodger manager, would have preferred to go with his 27-game winner, Sandy Koufax.

**"Davey has the soundest arm on the staff right now," said Bauer. "If it goes seven games, we can give him three starts."**

While Bauer could choose from a well-rested crew of starters since the Orioles clinched the AL pennant on Sept. 22, Alston's choice was dictated by the National League pennant race which didn't end until the final day of the season Sunday.

Both Drysdale and Koufax worked against the Phillies in a doubleheader wind-up to the tight NL pennant struggle, but Drysdale left early in the game while Koufax had to pitch a full nine innings to nail the Dodgers' second straight National League flag.

**So Alston tapped Drysdale, 13-16 on the season, for the key opening-game assignment, a selection which drew words of approval from Koufax.**

"Opening against the Orioles means nothing to me," Koufax said. "I know who'll open (Drysdale) and we're not giving up a thing."

Koufax likely will work the second game, with Osteen, 17-14, the third. Alston can juggle Koufax into three starts if the Series goes the full seven games by working him with two days rest in the final game just as he did in beating Minnesota last year.

Following McNally, 13-6, to the mound for the Orioles will be Jim Palmer, the Orioles' big winner at 15-10, and Wally Bunker, 10-6.

**The records strongly indicate the Dodgers' vast pitching superiority — on paper at least — and the earned run averages of the two staffs do nothing to destroy it. The Dodgers' staff has a 2.63 ERA and 52 complete games to a 3.35 ERA and 23 complete games for the Orioles corps. corps.**

# Wilson's Clutch Play Not Surprise for Bob

By Associated Press

The Big Eight Back of the Week is Harry Wilson, Nebraska halfback who beat Iowa State with a 36-yard touchdown burst in which he smashed through four tacklers on a trap play up the middle.

Dan Lankas

"I just saw the goal line and said 'It's time to do something'," Wilson said. He finished with 102 yards rushing, caught three passes for 51 yards and did an outstanding job of blocking.

"He just demonstrated once again why he is one of the great backs in college football," said coach Bob Devaney. "It was a real clutch performance."

Wilson wasn't in Devaney's good graces earlier this fall. He reported to camp weighing 221 pounds—25 over his playing weight of 1965. Now he's down to 202. He said "I think the weight I've lost has helped me."

**His run came with 3:45 left in the game and won it for Nebraska, 12-6. He was hit at the line by Bob Evans, broke away, was hit by linebacker Dave Mayberry but broke away again. Then Cal Lewis and Larry Carwell slammed into Wilson, he dropped to one hand, regained his balance and went all the way.**

The run ranked close to his 66-yarder against Oklahoma last year.

The other nominees were safety Gary Grossnickle of Missouri, halfback Don Shanklin of Kansas, halfback John Farler of Colorado, halfback Les Webster of Iowa State and quarterback Vic Castillo of Kansas State.

**Grossnickle had 10 unassisted tackles and intercepted two passes against UCLA. He broke up two more passes at the goal to stop one UCLA drive. His jarring tackle of Mel Farr at the one shook the ball loose and Missouri recovered to stop another drive.**

Shanklin rushed for 81 yards, made 35 more on returns and quick-kicked twice for 49 and 46 yards to get Kansas out of the hole.

Farler had two 40-yard runs, caught 4 passes for 59, one with a diving catch, set up all 40 Colorado points and did some fine blocking.

**Castillo hit 14 of 24 passes for 127 yards and called a good game. Webster ran 91 yards on 22 trips, best by any back against Nebraska this year, and again blocked well.**

Harry Wilson . . . honored for big day.

The Big Eight lineman of the Week was K-State linebacker Danny Lankas, a 211-pound junior who made 25 tackles—eight of them unassisted—stole a pass at the K-State five and batted down another at his 30. He had a hand in 27 stops out of Colorado's 58 plays.

Close behind was Mike Sweatman, Kansas linebacker, who made 20 tackles against Minnesota, 12 unassisted, including several key stops.

**Other line nominees were three defensive tackles—Carel Stith of Nebraska, Dennis Esselman of Iowa State and Frank Bosch of Colorado.**

# Few New Faces Due For Series

Los Angeles (AP) — The Los Angeles Dodgers will use much the same lineup that clawed its way to the National League pennant when they open the World Series Wednesday against the Baltimore Orioles in Dodger Stadium.

Manager Walter Alston won't present his official batting order until game time, of course.

But there will be no surprises.

**The Orioles' manager, Hank Bauer, has named left-hander Dave McNally, 13-6, to start in the first game and also will use his normal lineup.**

This would indicate that percentage pilot Alston, who is blessed with an abundance of switch-hitters, will start right-handed batter Tommy Davis in the outfield.

Benched for the day will be left-hander Ron Fairly.

There isn't too much difference between the two.

**Jim Gilliam, at third base, is 38 years old, the oldest man on the team. He will be making his seventh World Series appearance. He gets the starting call over John Kennedy because of his hitting and Kennedy will, as usual, come in for defensive purposes in the late innings if the occasion demands it.**

Gilliam, who swears this will be his last year as an active player, has a unique philosophy about baseball.

"The World Series," said Jim, "is fun. It's beating off all the other teams for the pennant that's real hard work."

CBS television has signed a long term, multi-million dollar contract for the exclusive television broadcast rights of the games of the National Professional Soccer League.

The NPSL has teams in 11 cities, with one more to be added. It will start operating next year with 18 games to be telecast live on Sunday afternoons, beginning May 7 and running through Sept. 3.

**Both CBS and the NPSL referred to long term contracts in their announcements but financial details and length of contract were not disclosed. It was learned, however, that the contracts call for $1 million a year for two years with options through 10 years.**

Teams in the league now are from New York, Boston, Atlanta, Philadelphia, Washington, D.C., Hartford, Conn. Chicago, St. Louis, Los Angeles, Toronto and San Diego . . .

**Arkansas coach Frank Broyles says "Loyd Phillips is, I believe, the greatest defensive lineman I've seen in college football."**

The appraisal was made after Broyles reviewed the films of the TCU game. Phillips is a 241 pounder . . .

The Boston Celtics, who have already retired the numbers of Bob Cousy, Ed Macauley and Frank Ramsey, will now hang up 15 and 20 for Tommy Heinsohn and Bill Sharman . . .

**Robin Roberts has his shingle out again. The great righthander who has been making the rounds since his great days with the Philadelphia Phillies was given his unconditional release by the Chicago Cubs. Now 40, he's ready to try another club . . .**

Philadelphia has released Bo Belinsky outright to San Diego of the Pacific Coast League where he could be drafted at the winter meetings . . .

Eddie Stanky has named two more coaches for his staff—Les Moss and Grover Reisinger . . .

*Spartans Still Lead*

# Huskers Slide in Polls

**Compiled From News Wires**

The Southeastern Conference, which annually has more than its share of the top ten spots in the wire service football polls, is right back at the old stand this year.

Headed by Alabama, a solid winner over Mississippi last week, the Southeastern Conference has three teams in each of the polls with Tennessee and Florida holding down berths.

**Add to this Georgia Tech, which has gone independent and the picture is a strong one of the Southeastern area.**

It isn't strong enough yet to take over the polls, however.

Michigan State, a strong winner over Illinois last week, clings to its No. 1 rating in both polls. The Spartans of Duffy Daugherty face Michigan this week and Duffy says:

**"This game means more to us than any on our schedule. The road is becoming rougher and rougher and right now it is about as rough as we can stand."**

Notre Dame continues to chase the Spartans and UCLA is still in the thick of things.

UCLA, which faces another intersectional game with Rice this week, had its hands full with Missouri and no one knew it more than coach Tommy Prothro.

**"I'm still amazed by the strong defense Missouri threw against us," Prothro said.**

Noting their defensive ends and guards and linebackers were as good as he's seen, Prothro said:

"We're extremely pleased with the outcome of the game. I said at the start of the season that Missouri was one of the better teams in the country and I still feel that way.

**"We blew a lot of scoring opportunities and have to credit Missouri with taking away all but one."**

Noting that UCLA halfback Mel Farr had been selected player of the week by the California writers, Prothro said, "I think Farr is not only the best halfback I've seen in my college experience but also the most complete player." He pointed out that Farr in addition to his fine running and pass catching was an outstanding blocker.

**Nebraska, sixth in both polls last week, dropped to eighth in the UPI rankings and seventh in the AP ratings.**

Nebraska could move back up the ladder with an impressive victory this week as Wisconsin has lost only one game.

Purdue, driven from the top 10 by Notre Dame two weeks ago, came close to regaining its former stature by whipping Southern Methodist, 35-23.

In other key games this week Tennessee plays against Georgia Tech in the nationally televised contest, once-beaten Baylor plays at Arkansas, unbeaten Oklahoma (2-0) plays once-beaten Texas, once-beaten Washington plays Southern California, UCLA is at once-beaten Rice, Notre Dame faces unbeaten Army and Florida tangles with state rival Florida State which has been impressive to date, losing only to unbeaten Houston.

# West Point Squad Is Now Target for Status-Seekers

By DON FORSYTHE
Prep Sports Writer

Being the target for status-seekers in the Class C football ranks doesn't seem to bother coach Duane Cox and his West Point Cadets.

**The Cadets, who finished No. 1 in the division last year, are back on top again and have the added burden of carrying a 14-game winning string—matched only by Kimball in 11-man play and Overton in the eight-man division.**

"I don't think there's any extra pressure because of the winning streak. The kids don't seem to talk about it much," says Cox.

"We'll just have to wait and see what happens." Cox says of the challenges in store for his club from fourth ranked Wisner and fifth-ranked Hooper in the last two games of the season.

Roger Poledna
All-stater

But he's more concerned with upcoming opponent Pender at this moment.

"I thought at the start of the season that Pender would be our toughest game," he says. The Pendragons lost their opener to Scribner and now have turned in three straight wins for new coach Clyde Volz.

**Although all-stater Roger Poledna returned this fall, Cox had quite a few holes to plug. Missing from last year's 10-0 eleven were six offensive starters and five defensive regulars.**

"We did have quite a few kids with experience, though," Cox indicates, pointing to the return of 15 lettermen.

Poledna, 217-pound fullback, and Chuck Ross, a quick little junior who is in his third year as a starter, have been the offensive sparklers.

"I didn't think Poledna would improve much, but he's better than ever. He has great agility and body balance and he's hitting harder this year," Cox says. "He's really a natural lineman, but in high school ball you have to use him as a back," he points out.

**Ross, who started at halfback as a freshman and took over the quarterbacking chores last year, ran for three touchdowns last week as the Cadets whipped Oakland.**

There is little change in the Class C race this week with the West Point, Rushville, Grant, Wisner, Hooper and Newman Grove order intact and only one-newcomer, Humphrey St. Francis, entering the top ten.

Clarks continues to set the pace in Class D with Clay center and Potter retaining their No. 2 and No. 3 rankings. After that there is another shakeup, with only narrow shades of difference between the last seven entries.

In eight-man play Paxton continues to head the division, but there has been a major shuffling behind the leader.

**New in the No. 2 spot is Overton and Sprague-Martell supplants Western as the No. 3 outfit after whipping the Indians, 47-33.**

Rugged Platte Center makes its debut after joining Elmwood as a victor over 1965 champion Cedar Bluffs.

### Class C

| | |
|---|---|
| **1—West Point (4-0)** | **6—Newman Grove (4-0)** |
| **2—Rushville (4-0)** | **7—North Platte S.P. (4-0)** |
| **3—Grant (4-0)** | **8—Oxford (4-0)** |
| **4—Wisner (4-0)** | **9—Humphrey St. Francis (4-0)** |
| **5—Hooper (4-0)** | **10—Falls City S.H. (4-0)** |

Comment—Only changes this week are in bottom four positions. Top six clubs all had handy victories last week. Major clash this week sends Newman Grove against Humphrey St. Francis.

### Class D

| | |
|---|---|
| **1—Clarks (4-0)** | **6—Beemer (2-1)** |
| **2—Clay Center (3-1)** | **7—Spalding Academy (2-1-1)** |
| **3—Potter (4-0)** | **8—Lawrence (2-2)** |
| **4—Arcadia (3-0-1)** | **9—Bancroft (2-1-1)** |
| **5—Greeley S.H. (2-1-1)** | **10—Niobrara (1-3)** |

Comment—Clarks reinforced its position by knocking Class C Polk from unbeaten ranks, 20-13. Most of the losses suffered by top ten members have been at the hands of Class C teams.

### Eight-Man

| | |
|---|---|
| **1—Paxton (4-0)** | **6—Platte Center (4-0)** |
| **2—Overton (3-0)** | **7—Elmwood (4-0)** |
| **3—Sprague-Martell (4-0)** | **8—Pleasanton (3-1)** |
| **4—Odell (4-0)** | **9—Chadron Assumption (4-0)** |
| **5—Indianola (4-0)** | **10—Humphrey (4-0)** |

Comment—Sprague-Martell returns after disposing of Western. Platte Center uses big win over Cedar Bluffs to make top ten debut.

# McNally Goes Back To 'School'

Los Angeles (AP) — Dave McNally gets another lesson Tuesday on how to pitch against the Los Angeles Dodgers in the first game of the World Series Wednesday.

**The Baltimore Orioles' left-hander already has digested several scouting reports about the Dodgers. But he is looking forward to some advice from teammates Frank Robinson and Stu Miller, who once played in the National League against Los Angeles.**

"I'll probably pay more attention to Stu and Frank than the scouts because some of their reports vary," McNally said. "I've only faced the Dodgers a little bit in spring training and I don't remember much about them."

McNally will review the Los Angeles hitters Tuesday when the Orioles hold a workout at Chavez Ravine.

After the Orioles arrived here Monday night, McNally spoke calmly of the big pressure game ahead.

"I am not nervous yet," he said, "but I know I will be. That's natural for me. When I warm up for any game, I'm nervous."

Pitching coach Harry Brecheen, a former World Series hero, foresees no trouble with the 23-year-old McNally.

"Davey is level-headed, and the World Series should not affect him at all," Brecheen said. "As for the pitching, he has about the best stuff in baseball. The only thing he lacks is experience."

## Omahan Wins Six-Mile Run

Minden — Ken Gould, Omaha school teacher running for the Elmwood Park Track Club, won the Six-mile Christmas City Pioneer Run here Saturday in 29:01.0.

Second place went to Louis Fritz, Verdon school teacher, and Ken Katzer, a graduate student at Nebraska University, was third. Fritz was timed in 29:08.0 and Katzer in 29:10.0.

# NU Ground Game Stuns Opponents

Nebraska, while narrowly winning two of its first three games, has nevertheless piled up a huge statistical edge over its opponents

The Huskers own a 54-34 bulge in first downs, a 503-87 edge in rushing yardage and a 473-468 margin in passing yardage

# Opposition Unyielding In Big 8

By Associated Press

Big Eight coaches are full of praise for the opposition It's hard to see how any team can lose Saturday

**"Our scouts say if Nebraska is No. 6 in the country, Iowa State must be No. 7," said Kansas coach Jack Mitchell. "Without doubt, Iowa State is the best team in the country that hasn't won a football game."**

Mitchell was highly pleased with his team's 16-14 upset at Minnesota, particularly the defensive line, but warned against getting "too high on them this early in the season"

Iowa State assistant Arch Steel, who scouted Kansas, termed the Jayhawks "a vastly improved ball club" He was particularly impressed with the way the defense handled the Big Ten club

"If their offense has jelled," said Oklahoma State coach Phil Cutchin of Colorado, "they will be quite a football team.

"They have fine personnel, virtually the same as last year, and they humiliated us out there last season, 34-11"

**Jim Mackenzie, Oklahoma coach, said Texas quarterback Bill Bradley, the highly publicized sophomore, probably won't play against the Sooners at Dallas Saturday, but he doubts this will help OU very much.**

'Andy White is a good quarterback," said the OU coach, 'and Texas is one of the better teams in the country."

Mackenzie was pleased with the ability of his young quarterbacks to check off plays at the line of scrimmage

**At Nebraska, coach Bob Devaney said the Husker offense is improving. He noted the 432-yard total offense figure against Iowa State was well above Nebraska's 404 average of last year.**

The injury news largely was good around the conference Kansas State, Oklahoma State, Kansas, Colorado and Iowa State had no major injury losses. Kansas will have its number one quarterback, Bob Skahan, ready to go at Iowa State. Three offensive starters were healed—guard Bill Perry, flanker Halley Kampschroeder and tight end Sandy Buda

Missouri will have halfback Charlie Brown back at full speed for K-State but injuries still plague the Tigers Earl Denny, another starting halfback, is hospitalized, his back in traction due to acute lumbago

Linebacker Rich Bernsen and defensive back Roger Wehrli are doubtful for the K-State game because of severely bruised shoulders.

## Series Comes First

# Snyder Delays Hunting

Russ Snyder
Sharpshooter

Baltimore (AP) — Russ Snyder, a Nebraska sharpshooter, will have to delay the start of his hunting season this year

**"That's all right with me," Snyder said. "I wouldn't mind having the same problem every year."**

Snyder will be busy at least for the next week, preparing for and playing in the World Series against the Los Angeles Dodgers

The Baltimore Orioles' outfielder had one of his finest seasons in 1966, finishing with a 306 batting average and 41 runs batted in. He was his usual hustling self in the field, and got on base enough while being platooned to score 66 runs

**Snyder, a 32-year-old veteran of eight major league seasons, led the American League in batting for many weeks although he obviously would not have enough plate appearances to qualify for the title.**

"I'm satisfied that I did a good job this year," Snyder said "It was a good feeling just being part of a club winning the championship"

Snyder, a fast runner, didn't bunt for base hits as much this season-and for good reason

**"I was in a good groove and hitting the ball," Snyder said, "and the other teams still kept their infields in looking for the bunt. That made it easier to hit the ball through, and I saw no reason to bunt."**

The soft-spoken Snyder is looking forward to his first World Series with typical calmness.

"Every player looks forward to getting to the majors," he said. "And once he's there, he sets a goal of playing in the World Series—reaching a peak so to speak

**"A lot of guys who played longer than I have, never played in the Series. It's frustrating when you keep trying and never make it"**

After the Series, where he is expected to be platooned in center field with Paul Blair Snyder will head for Nelson, Neb, where he hunts game and referees high school basketball games to stay in shape

'I do a lot of hunting, deer, coyotes — you name it, I hunt it

**"Being outdoors a lot keeps me in shape," Snyder said. "When you get older, the main thing is to take care of your legs.**

"I can get ready in the spring in less than a month. Some guys don't keep active, and they get hurt more in spring training"

Russ Snyder always prepared will be ready for the World Series and the delayed start of the hunting season

# Hurler Culp Threatens

Philadelphia (AP) — Pitcher Ray Culp of the Philadelphia Phillies says he won't report to spring training next year unless he's traded

Culp, righthanded bonus baby signed out of a Texas high school in 1959, was asked Monday what he would do if the National League refused to trade him

"I simply won't report to the Phillies next spring," he said "I'm completely serious about that"

**Culp, who signed for a reported $100,000 bonus, was in the starting rotation for a few years, winning 14 games one season, but has been used sparingly of late.**

He announced in early September that he wanted to be traded by the Phillies before next season. Asked about his plans, coach Gene Mauch said, "One of these days, Culp will leave spring training ready to go We haven't gone through 1963, '64, '65 and '66 without noticing he's been a winning pitcher" He added·

**"But he's talking to the wrong people when he says he wants to be traded. The newspapermen can't trade him."**

Besides, Mauch said, "his value isn't high enough for me to get in return what I think he will be some time in the future"

# Huskies' Hustler Is Back of Week

By Associated Press

At the University of Washington, they think Don Moore soon will make everybody forget about Mike Garrett. But all Woody Hayes wants to forget about is Don Moore.

**The Huskies' halfback, who gained 221 yards in 30 carries as Washington pounded Ohio State 38-22 last Saturday, is the Associated Press' college football back of the week.**

Ever since the season began, the Washington partisans have been saying that Moore is the rightful heir to Garrett of Southern California, the Heisman Trophy winner and premier back in college football last year

"I expect they're right" said Hayes, the Ohio State coach after the game His club had been two touchdown favorites before the game.

Moore's performance, which included touchdown runs of two and 47 yards, was the second-best individual mark ever made by a Washington player. Only Hugh McElhenny, with 296 yards against Washington State in 1950, ever recorded more

**Moore, a 5-foot-9, 212-pound junior from Tacoma, Wash., was a little dazed by it all.**

"Unbelievable." he grinned in the jubilant Huskie lockerroom "It feels nice, real nice"

Moore showed his potential last season when he was the top sophomore ground gainer in Washington history. But in the game before the Ohio State encounter, he suffered The Air Force allowed him just 17 yards in 10 carries

Against the Buckeyes, though, Moore rushed for more than half his team's 413 yards on the ground and the Huskies scored the most points against a Woody Hayes team since 1953, when J C Caroline led Illinois to a 41-20 victory

Don Moore

**Other nominees in the Back-of-the-Week category, were Rod Sherman, of Southern California, who sparked the Trojan attack against Oregon State and ran for a 75-yard touchdown; Dicky Thompson, of Alabama, who intercepted three Mississippi passes; and North Carolina quarterback Danny Talbot, who directed the club's upset victory over Michigan.**

Also Lenny Snow of Georgia Tech, who gained 141 yards in 22 carries, Harry Jones, who scored three times for Arkansas, Steve Spurrier of Florida who completed 13 of 18 passes for 165 yards.

# Antelopes Roam, Too

Antelope are just like people, at least in one respect. Some of them are gadabouts, and some are homebodies.

That is the conclusion one can draw from the movements of six tagged pronghorns taken during the recent rifle season, the Game Commission reports. One was a real wanderer and traveled 108 miles in four years from the site near Thedford where it was released after tagging. It was taken by Earl C. McKinzie of Omaha 30 miles southeast of Hay Springs.

**Another apparently liked things where she was and roamed only two miles in 6 years from the release spot six miles southeast of Merriman. James S. Carson of McCook shot the animal two miles from the spot.**

The oldest antelope was at least nine and had moved 20 miles in the 7 years since she was trapped and tagged 23 miles southwest of Wood Lake. Lester B. Moore of Norfolk took the pronghorn 42 miles southwest of Valentine.

# Bruhn Hopes Youngsters Mature Before Wolf Returns

By DON FORSYTHE

If you're living in a house of straw or sticks when the wolf comes calling it figures that you'd better build a brick structure.

That's about how it stacked up for Wisconsin football coach Milt Bruhn as he headed into the 1966 season and the only question left now is whether or not Milt's bricks have been in the kiln long enough.

**The bricks in Bruhn's case are sophomores as the 11 - year Badger coach attempts to rebuild after a trying 2-7-1 campaign a year ago.**

Losing five straight at the end of the 1965 campaign — the last four by counts of 50-14 (Michigan), 45-7 (Purdue), 51-0 (Illinois) and 42-7 (Minnesota) — did indeed bring the wolf to Bruhn's door.

Widely circulated press dispatches indicated that Bruhn's job was in jeopardy.

But Bruhn, who has led the Badgers to a pair of Rose Bowl wins, is back and the new faces are on his staff (four newcomers) and on the playing field, where sophomores are playing major roles.

**Seven, five on the offensive platoon and a pair on the defensive squad, were starters as the Badgers stopped Iowa, 7-0, Saturday to match their 1965 output of two victories.**

Just how good are these first year men?

Bruhn smiles and states "they're better than the upperclassmen we had before. They haven't made many mistakes."

Three of the sophs were in the backfield Saturday with John Ryan at the controls, Lynn Buss at right halfback and Larry Todd at fullback. And even senior left halfback Vic Janule is something of a neophyte, having seen only 38 minutes of action in his first two years.

**"You haven't seen Ryan at his best. He's had a bad ankle," Bruhn said of his sophomore signal caller who made his first start against Iowa.**

The regard the coaching staff holds for this rookie is evident when you consider that 1965 starter Chuck Burt, who ranked No. 10 in the nation in pass completion, has been switched to a flanker this year.

"We feel we have to have a quarterback who can run with this team," Bruhn says, and the quick stepping Ryan fills the bill.

Todd, a 6 - 0, 223 - pound youngster from Canton, Ohio, and Buss, a 6-1, 203-pound Wausau product give the Badgers running punch they lacked in 1965.

**"For a big man he's a comer," Bruhn says of Todd, who blasted for 79 yards and the lone touchdown against Iowa.**

Up front is Wally Schoessow, a 216-pound newcomer who was good enough to bump 1965 starter Tony Loukas from the center spot. Loukas then was shifted to tackle to bolster the forward wall.

**Perhaps the most exciting of the youngsters is split end Tom McCauley, a 6-3, 185 - pound speed merchant.**

Bruhn tabbed McCauley as the boy who will do much for our offense' before the season started and obviously knew what he was talking about.

In three games he's grabbed nine tosses for 198 yards and his 48-yard reception was the big play for Wisconsin in its touchdown drive against Iowa.

Middleguard Ed Hoffman (225) and corner back Gary Reinick (187) were defensive starters as the Badgers successfully opened their Big Ten season.

**Another soph, Mike Cavill, had started at safety the first two games, but was edged by letterman Bob Grossman for the starting assignments against Iowa.**

In addition to the seven sophs who have starting status now there are nine more pressing for regular assignments so the youngsters are being counted on to get the job done as the Badgers seek to regain their football prestige.

# Weekend Frosts Did Little Damage to Crops

Government farm experts have reported last weekend's killing frost covered most of Nebraska but did little crop damage.

The State-Federal Division of Agricultural Statistics and the U.S. Weather Bureau said losses were limited to a few late-planted fields.

**Most fall grains were protected because they were mature or nearly mature, the division said in its weekly crop report.**

The 1966 corn harvest, expected to topple yield records, has started in some areas but will not pick up for another week or two. More than 85% of the crop is mature.

Combining of soybeans and grain sorghum has begun in several sections. Moisture of the grain is variable. Artificial drying is required before storage.

**The division said the dry bean harvest has passed the halfway mark in the Panhandle. Yield and quality are good.**

The millet and potato harvest also continued in western Nebraska The sugar beet harvest is expected to get under way soon.

Nearly 95% of the winter wheat crop has been seeded. Fall sown grains and legumes appear to have good stands.

**Silage cutting operations are nearing completion. About 70% of the fourth cutting of alfalfa has been harvested.**

The division said pasture and range conditions improved. About 80% of the pastures and range is considered in average condition or better.

Producers are starting to move cattle into feed lots and to pick up livestock for gleaning harvested grain fields.

The condition of most classes of livestock continues good.

# Agate Park Building Start Eyed

Agate (AP) — Preliminary plans were made for ground breaking ceremonies this summer when work actually starts on the $2 million Agate Fossil Bed National Monument.

President Earl Cherry of the Agate Fossil Bed National Monument Assn. said the ground breaking will be contingent upon the efforts of the Park Service to acquire the necessary land for the project. The Park Service plans to move five trailer units to the site where permanent buildings will be erected during the five-year construction period.

**The announcement was made by Cherry, a Mitchell ranger, at the annual meeting of the association, held at the ranch home of Mrs. George Cook, a board member. All officers and directors were re-elected.**

The ceremony will be held the day a large trailer is moved to the site for a temporary visitor center.

Richard Holder, superintendent of the Scotts Bluff National Monument, will be superintendent of the Agate project. He told the association funds of the Park Service for fiscal 1967, include the $230,000 needed to purchase 3,150 acres of land plus funds for permanent utilities.

**First year construction also will include a road to the trailer complex, but not a bridge over the Niobrara River, which flows between the visitor center and the fossile deposits in University and Carnegie Hills.**

Holder's assistant, Al Werking will move to the site early in the spring.

In addition to Cherry, other association officers are: Gene Ramsey, Crawford, vice president; The Rev. Robert O'Neill, Harrison, secretary; and Paul Hefti, Chadron, treasurer. Other directors are: Gov. Frank Morrison, an ex-officio member; Gerald Bardo, Lusk, Wyo.; Floyd Wisner, Scottsbluff; Mrs. Cook; Lester Danielson, Scottsbluff; W. E. Mumby, Harrison; and Gene Kempe., Alliance.

All officers and directors serve in the same capacities in the Agate Springs Foundation, which was organized to accept gifts for the monument project.

# Patrol Aid For 2,136

## *Tickets Were Issued 9,911*

Nebraska Safety Patrolmen drove 736,010 miles in August, 1966, in performing patrol duties which included aiding 2,136 motorists and writing tickets for another 9,911.

**The August monthly report from Col. Dan Casey, head of the patrol, indicated previous mileage figures of 778,458 for July, 1966, and 743,826 for August, 1965. The number of violation tickets also decreased from July's 10,981 and August, 1965's 9,934.**

Largest single offense for which patrol tickets were issued in August, 1166, was speeding. The patrol issued 1,644 tickets for which $21,427 was assessed in court fines.

**Only one innocent plea was entered for a speeding ticket and it was dismissed.**

The patrol report listed alcohol-related offenses as the cause for 217 tickets totaling $11,369 in fines. The category included 58 drunk drivers and 98 minors possessing liquor.

# Senate Group Approves Funds For Power Line

Gov. Frank Morrison reported the Senate Appropriations Committee has approved $500,000 for planning a high-voltage transmission line into Nebraska.

He said he was advised of the action by Senate leaders.

**The line would run from Fort Thompson, S.D., through Grand Island and on to near Wichita, Kan. The cost has been pegged at more than $29 million.**

"This is very encouraging," Morrison said of the Senate committee action.

**Major Midwest power suppliers have said there is a great need for the line as a protection against future electricity shortages.**

The line would be constructed by the U.S. Bureau of Reclamation. It would connect the Missouri River Basin with the Southeastern Power Administration.

# Wider Allocation Of Funds Asked By Omaha Bd.

Omaha (AP) — The Omaha school board has asked the state to allocate more federal vocational education funds to local school boards instead of spending virtually all on state schools at Milford and Sidney.

In a resolution the board said that first priority for the funds should go to local boards operating "established programs of vocational and technical education."

Dr. Edwin Parrish, director of adult and vocational education, said the funds formerly went first to local boards, but a priority system has been devised which diverts most to the Milford and Sidney schools, which serve from 800 to 900 students. He said local boards serve a greater number of students.

Dow Jones Commodity Futures Index (1924-26 average equals 100) closed at 133.42. New Lows for 1966.

New York (AP) — Prices were on the upbeat as the stock market ended a hectic up-and-down session Tuesday. Trading was the heaviest in weeks.

The day began with a decline. Stocks were resuming Monday's slide to lows for the year. By noon the Dow Jones industrial average showed a gain following a climactic phase during which the ticker tape ran as much as six minutes late.

The improvement began to melt away almost immediately, however, and the market was definitely lower in late afternoon. In the final hour another buying drive pushed up the averages.

Airlines, glamor stocks in other fields and aerospace issues made the widest changes.

Lana Rae Grossnicklaus, 18 months old, was killed in a tractor accident at her farm home eight miles north of Osceola Monday evening.

The girl's father, Rex Grossnicklaus, said his daughter had been playing in the front yard while he was repairing a tractor. Grossnicklaus backed the tractor up and not seeing the infant, accidentally ran over her.

The child was rushed to a Lincoln hospital but died shortly after arrival with head injuries.

Lana Rae is survived by her parents and an older sister.

# American Announces Price Hike

## $76 Average On '67 Models

Detroit (AP) — American Motors Corp. as expected, Tuesday joined the auto industry's big three in announcing increased prices for 1967 models.

The increases ranged from $56 to $98 per car and averaged out to $76 for the company's nine lines.

American Motors, which has had a difficult time in recent months financially, delayed its price announcement until two days before it puts its new cars on display.

Ford, General Motors and Chrysler all announced their new prices last week just before putting their new models on the market. Their increases ranged from $54 for GM cars to $68 for Chrysler.

# Charges Flying in Political Warfare

Kearney (AP) — State Democratic Chairman John Mitchell Monday criticized Sen Carl T Curtis, R-Neb, for his absence from the Senate last week, and said that as a result, Curtis, "the great economizer, missed eight chances to build his record of opposition to progress"

"Last week the Senate took action on what the news media described as eight major record votes," said Mitchell "Carl Curtis was reported as not voting on each question The reason, of course, is that he is busy politicing in Nebraska He does it every six years — when election time comes around"

"What must be particularly disturbing to Curtis' fans is that six of the eight votes dealt with the money needs of government agencies to health education welfare and labor If he had been there he could have voted against every one of them as he has done so often in the past — and could have reinforced his claim he holds down the cost of government"

## Carpenter Says 'Deal' Obvious

Scottsbluff (AP) — State Sen Terry Carpenter dealt himself into the controversy over the AFL-CIO support of Gov Frank Morrison for the U S Senate

Carpenter said AFL-CIO President Richard Nisley should either resign or be impeached charging that Nisley secretly worked for the adoption of the state income tax law in the last session of the Legislature

Last week he succeeded in getting the AFL-CIO convention delegates to do an about face and come out for it in the November referendum Carpenter said

The Scottsbluff lawmaker said Nisley's political love affair with Gov Morrison who has made a mess out of the tax system by jumping around on the sales and income tax issue while failing to enforce all the property tax laws should be even more suspect among working people There obviously has to be a deal between Morrison and Nisley

A Curtis worker first raised the charge of deal last week Nisley and the governor denied it

# School Districts Decline

## *2,400 Counted This Year*

The number of Nebraska public school districts on Oct 1 — the traditional comparison date — was down to approximately 2 400 this year Henry Ebmeier school district reorganization consultant for the State Education Dept reported

On Oct 1 1965 Nebraska's school district count was 2 527 That was the highest number of any state in the union

**For years, Nebraska and South Dakota have been running a close race in the greatest number of school districts And while the Nebraska total has continued to shrink, South Dakota's decline has always been slightly larger.**

Ebmeier said most of the reorganization which has transpired since last Oct 1 involved Class I (elementary-only) districts becoming a part of unified or fully-consolidated districts or small unified districts merging with larger ones

A case in point he said was the merger of Walton and Alvo-Eagle with the Waverly Dist

**"The result is that there has been some better reorganization in the last year not just a big reduction in numbers," Ebmeier commented.**

When all county-level reports are submitted to the state agency in the next few weeks it will be possible to make a precise statement on numbers of school districts, the consultant concluded

## Denney Against Federal Control

Fairbury — Wage and price controls by the federal government are a distinct possibility in the near future Robert V Denney said here

Denney Republican candidate for First District Congressman challenged his opponent Clair Callan to make known his views on this subject now

If President Johnson does plan to control wages and prices his loyal button puncher Mr Callan should reveal how he stands on the issue as of now not wait and hedge on it later Denney said

Personally I can make my stand known now—I am against federal regulations regarding wages earned and prices charged said Denney To properly combat inflation you start by cutting unessential federal spending which Callan and Johnson won't do he added

## Curtis' Voting Record Is Hit

The Senate voting record of Sen Carl Curtis R-Neb came under fire by Nebraska Democratic National Committeewoman Maurine Biegert

Mrs Biegert Shickley said Curtis had voted against measures that brought a total of $104 751 605 in federal funds to the state last year

The irony is Mrs Biegert said that in most cases he was voting not only against the Democrats but against the majority of Republican senators He was voting against practically everybody

I have had people tell me that he was the most negative man in the United State Senate and this check really proves it for me she said

Mrs Biegert said Curtis opponent for the Senate seat Gov Frank Morrison is needed in the Senate because he knows the proper relationship of state and federal funds in public problem-solving

## Lint Rites Are Set Wednesday

Grand Island (AP) — Funeral services will be held in Trinity Methodist Church here at 1 30 p m Wednesday for William J Lint 71 who died Saturday

Lint was president of the state board of barber examiners and president of the Grand Island Federation of Labor He was a former city councilman

Lint was appointed to the board of examiners for barbers in 1960

## Man Injured As Beam Collapses

Charles Howard 67 1962 A St was listed in good condition at St Elizabeth Hospital following a construction accident at the Journal-Star Printing Co 926 P Monday afternoon

Howard was working on a concrete beam when it collapsed falling about 12 feet **He suffered facial lacerations and bruises**

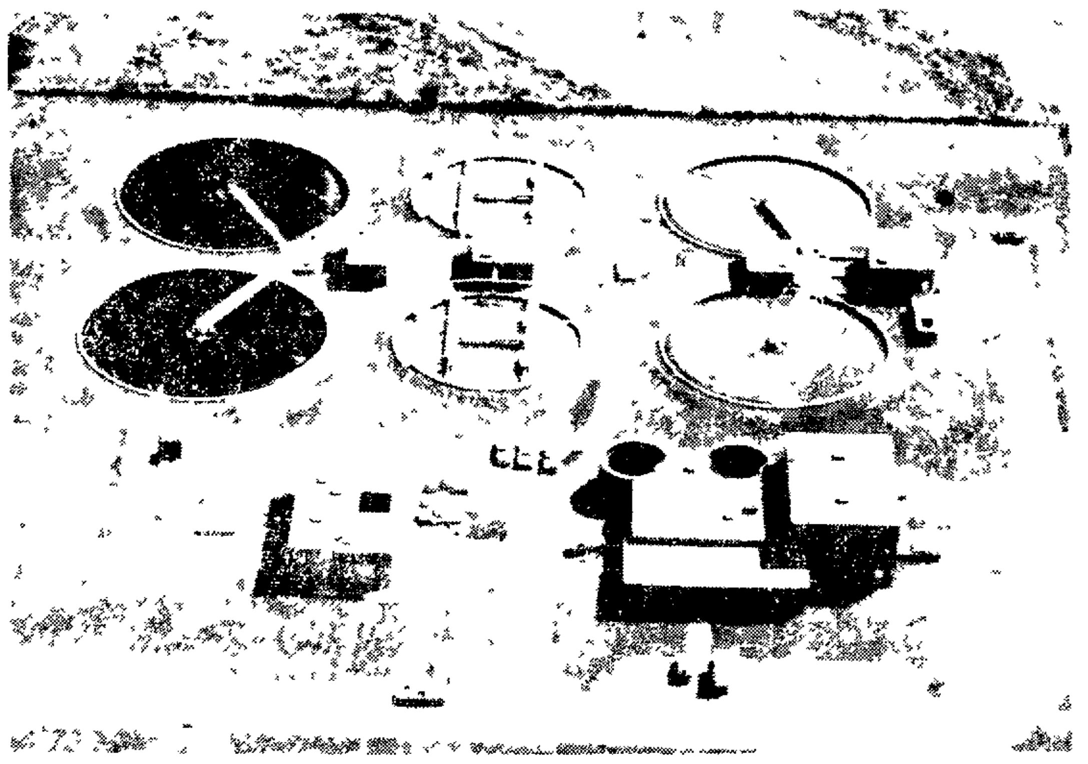
Howard an employe of Kingery Const Co was being held for observation.

## 'Liquor or Milk?'

Madrid Spain (AP) — A hundred youths paraded through the streets of Madrid protesting a law banning them from public places where liquor is served until they are 18

Among the banners the youths carried was one which read "If we cannot drink alcohol lower the price of milk" The government this week raised the price of milk one peseta (1 66 cents) per quart.

# *Grand Island Plant Dedicated*



This new $1 5 million sewage and water pollution control plant at Grand Island has been dedicated. The plant was financed through revenue bonds and sewer fee increases Guided tours of the new facilities are being featured this week.

# *Treatment Center for Alcoholics Supported*

The City Council has passed a resolution supporting the idea of a medically oriented treatment and rehabilitation center in Lincoln for alcoholics

The approved resolution also authorizes the City to put into motion an investigation among other departments and private agencies to see how it can best be implemented

A $30 000 federal sum administered by the State Vocational Rehabilitation Services is available to the Lincoln-Lancaster community for such a center if such a project is sponsored by government bodies or their delegated agency

Speaking in favor of the center before the Council were Verne Pangborn state hospital division director and David Hancock director of the Lincoln Council on Alcoholism

Pangborn suggested the center for alcoholics be operated in conjunction with new Lincoln General Hospital programs and noted that the federal government would pay 90% of the staffing and equipment costs for such a center

**"Lincoln needs psycho-therapy as well as medical treatment for alcoholics" said Hancock "Our problem now is what to do with patients after they have been dried out at hospitals"**

Hancock said the center could help provide the needed consultation to help re-orient a patient to a life without alcohol

Council members agreed generally to the idea of the proposed center but felt there are many details still to be worked out including a review by the Lincoln Hospital and Health Council county commissioners and others

In other Monday business the Council

## Ralston School Superintendent's Case Is Heard

Opposing attorneys differed in oral argument Monday before the State Supreme Court on the contract of a former Ralston School District (54) superintendent

Omaha attorney Clayton Shrout urged the high bench to reverse the decision of Douglas County District Judge Rudolph Tesar awarding $8 691 in back pay to Frank L Lee

**The school district contends Lee who was hired in 1961 as superintendent did not fulfill contract obligations Shrout said he served 300 days with the U S Naval Reserve, which took him away from school duties**

Shrout told the seven-judge tribunal the naval duty was incompatible with the contract Lee signed

Lee's attorney Herbert Story of Omaha maintained the district agreed to pay on the contract and make installment payments on the remaining sum due on the contract

He said the lower court order should be sustained and the school district made to pay Lee the sum from the contract

## Peasant Leader

Recife Brazil (AP) — Francisco Juliao organizer of the peasant leagues in Northeast Brazil has been sentenced in absentia to seven years in prison by a military court

The court convicted him of inciting the peasants of the northeast to violence and attempting the overthrow of the democratic regime

# Podiatrist Explains Aged Care

## *Workshop Congratulated*

A keynote talk here Tuesday by a Philadelphia podiatrist supports the claim the incidence of foot ailments is nearly as frequent as the common cold and dental decay

Dr Arthur Helfand reported to the nation's first podogeriatrics workshop for registered and licensed practical nurses in Nebraska that 95% of 1 300 aged Philadelphians surveyed had foot problems

**Since this was a "Keep Them Walking" project sponsored by U.S. Public Health money, Dr Helfand said "we couldn't ignore this problem with its total social living impact, so we started a clinic that's still operating."**

Pennsylvania he explained does not provide podiatry care for welfare patients (Nebraska does)

The clinic represents a cooperative movement between the four-year-old Pennsylvania College of Podiatry the City Health Dept and the St Luke's-Children's Center Hospital

**Dr Helfand said medical physicians on the Podiatry College conduct a medical clinic within the institution, for "you can't separate medical care from podiatry It's another specialty like dentistry or internal medicine"**

Dr Daniel Rietz an Omaha podiatrist on the Nebraska Commission on the Aging said it costs four times more to care for a bed patient in a nursing home as it does for a mobile resident

Dr Helfand and other representatives of the nation's 8 000 podiatrists congratulated Nebraska on being the first to have a workshop to recruit nurses for a podiatry triad — nurses podiatrists and physicians

## 2,300 Families Got FHA Loans

More than 2 300 Nebraska families received Farmers Home Administration (FHA) loans during the past year FHA state director Heasty Reesman reported

He said loans totaling $7[illegible]0 000 a record amount were made to 460 Nebraska families to buy develop and enlarge their farms while 1 900 rural families obtained ownership credit from previous years

Without this aid through the farm ownership program to strengthen their economic positions many families would have been forced to leave the country and seek employment in the cities Reesman said

Reesman said a survey showed that most ownership loans were spread over a five-year period and borrowers raised their gross cash incomes from $9 383 to $17 410 and also made large net gains

## Fire Kills 6

Los Angeles (UPI) — An unidentified mother and her five children were burned to death when fire engulfed their apartment in the Aliso Village housing project

Firemen said the woman's husband and a sixth child were rushed to a hospital Their condition was not immediately known.

# Boeing Openings for Production Workers

## Lincoln Interviews
## October 3 through 8

The new Boeing 747 jet transport program is opening the way for many interesting, good-paying aerospace production jobs in the Seattle area. The 747, largest airplane ever designed for commercial service, will carry 490 passengers or 100 tons of cargo at speeds over 600 mph. To build this modern jetliner, Boeing is erecting the world's largest-volume building — a manufacturing plant with 158,000,000 cubic feet of space.

Other career advantages at Boeing include unprecedented jetliner sales, and major contracts in the nation's most important military and space programs. The total result is the most accelerated expansion program in the company's history — and excellent job opportunity for qualified personnel.

You'll be working in the Seattle area, which is well known for year-round mild climate and top-ranked schools. In addition, fresh-and salt-water fishing and boating, hunting, camping, mountain climbing and skiing are all within an hour's drive of Seattle.

Current openings include:

## TRAINING OPENINGS (WITH PAY)

Beginner openings with Boeing's Manufacturing Department, in the Seattle-Renton area, start at $2.445 per hour. Applicants must be U.S. citizens, at least 18 years of age, and should have mechanical aptitude and working knowledge of mathematics.

## SKILLED

WE'RE STUCK
With a 1964 Chevrolet Impala Sport hardtop. We have had this car since July 28 and can't seem to get it sold. It has the right engine, 327, V-8, it's a 3 speed, it is beautiful inside and out and runs real good. It was traded in by a married man who liked sharp cars. We have priced it at $1795 but it must be too high. So take it away at only $1695. Guaranteed too. 6c

## LET'S EXPLORE YOUR MIND

BY SYLVANUS M DUVALL, PHD, AND EVELYN M DUVALL MD

1 Wrong If men were only machines that had no feelings the statement would be right (probably) But since they do have feelings and concerns, the most efficient organization may be resented It may have lower morale and decrease incentives resulting ultimately in less production Many an efficiency expert has failed to see that efficiency depends largely upon the willingness of people to cooperate The most efficient organization is one that wins the greatest cooperation

2 Is stealing always condemned as wrong" Yes— No—

No In some societies family ties are so strong that theft on behalf of the family is regarded as proper and right If a man is treasurer of a company or even of a church he is expected to use the money to which he has access to help out ' Even in our own society, there are subgroups in which theft is an accepted pattern of life to which the young are expected to conform To understand others we must understand their values and moral standards

## POINTS FOR PARENTS

BY EDYTH THOMAS WALLACE

Not This

Mother "Even if you don't want me to, I'm going to give you a big birthday party and invite those popular girls you want for friends"

This

Mother 'Would you like to ask that new girl at school and a couple of other girls here for lunch Saturday and help her get acquainted'

**Encouraging a shy young teen-ager to help someone else is an effective way to help her or him make friends.**
